

LEVEL 1 • TERM 1 • LESSON 9 • FOR PARENTS

9 Draw and Measure

WHAT WE DID

We learned to use a ruler properly. Your child measured things from home, drew lines of different lengths and compared lengths. The big idea: start at the 0 mark and read the mark at the other end. Term 1 goes beyond the school Primary 1 syllabus on purpose, so some questions, such as a line that starts at another mark, are harder than school ones.

> **Start at the 0 mark. Read the mark at the other end.**

TRY AT HOME (5 MINUTES)

1. Measure it: find 5 things. Your child guesses each length, then measures in whole cm (either mark next to the end is fine). Put them in order, shortest first.
2. Draw it: say a length such as 9 cm and let your child draw it. Swap: you draw, your child measures. Start the line at the 1 mark on purpose, so your child can spot it.
3. Spot it: look at a tape measure or a growth chart. Ask: where is the 0? How many centimetres from here to there?

When your child is stuck

Let your child slide a finger along the ruler and count the jumps aloud. Wait 10 seconds before helping, and please do not hurry. If your child ticked I am still stuck on the look-back page, photograph that page and send it to the business WhatsApp, +65 9880 5962, after class. Photos are kept for 90 days after the program ends, then deleted.

Words we used

- centimetre (cm): the gap between two marks
- 0 mark: where we start measuring
- length: how long something is, from one end to the other
- path: straight pieces joined at corners

Good questions

- Where did you start? Why?
- How do you know?
- Does the line start at the 0 mark?

Have ready for next lesson

- Lesson 10 workbook with its kit page (page 6) cut out; about 20 counters (buttons, coins)
- Quest Log (4 pages, printed at 100%), kept closed in an envelope; a quest partner (grown-up or sibling)
- Your ruler, a pencil, a rubber and spare paper

Next lesson

Lesson 10: Story Steps: Read It Twice, with Mi's Challenge Quest (a game with Mi). Your tutor will send the Quest Log and a note. The recording has the tutor, the shared screen and any voice that is not muted; your child may mute and keep the camera off. The recording link is private to your family: please do not share it. Missed a lesson? Every lesson is recorded; your tutor will share a private link with enrolled families.
