Make a Table: home practice answers

Name _____ Date _____

For grown-ups. Please let your child try first, then check together. Ask *how do you know?* If your child is stuck, wait 10 seconds, then suggest drawing it.

1. 15 and 20
Each box adds 5 pencils: 5, 10, 15, 20.

2. 12
Each time there are 2 more pens and 3 more pencils: 3, 6, 9, 12. 8 pens go with 12 pencils.

3. 31
Double 15 is 30, and 1 more is 31. Or: 3 and 14 more triangles, each adding 2: 3 and 28 make 31.

4. 13
Take away the first square: 40 minus 4 is 36. Each other square adds 3: 36 shared into groups of 3 is 12. So there are 12 and 1 more squares: 13.

5. 34
27 and 16 make 43. 43 is 34 and 9, so the missing number is 34.

More practice online (no timers, no scores): ask your tutor for the practice link.
