Tutor trial lesson: observation sheet

Level / lesson no.		Date		Observer	
Tutor		Children (number, ages)		Platform / device	
Scheduled start		Real start (clock)		Real end (clock)	

Fill in **clock times** (hh:mm) when each part really starts and ends. The planned column is the Level 1 budget; if the lesson's own budget differs, write it over the top (budgets are in hp/budget.json and pN/budget.json). Over/under = real minutes minus planned minutes.

Part	Plan min	Plan from-to	Real start	Real end	Real min	Over / under	Stuck points and notes

Camera, paper and recording rules: seen as planned?

Rule / check	Yes	No	Note
No child held paper up to the camera (gallery view, tick-against-answer-slide, choral answers, fingers for choices)	[ ]	[ ]	
'I am still stuck' used: mark on the child's own look-back page, parent photographs it to the business WhatsApp after class	[ ]	[ ]	
Children could keep camera off and stay muted without comment	[ ]	[ ]	
Recording on from the start; shows only tutor, shared screen and unmuted voices; the WhatsApp number was not on a recorded slide	[ ]	[ ]	
Only the lesson window was shared (not the notes, not other tabs); answers did not show early	[ ]	[ ]	
Private paper: nobody asked to show it; tutor never took a photo or screen capture	[ ]	[ ]	
No private chat messages with any child; chat set to tutor-visible or off	[ ]	[ ]	
No personal phone used for photos; Meet link and waiting room worked	[ ]	[ ]
