

LEVEL 1 • TERM 1 • LESSON 6 • FOR PARENTS

6 Tens Jump, Ones Hop

WHAT WE DID

We added and took away tens and ones in our heads. A jump of ten changes only the tens digit. A hop of one changes only the ones digit. For 34 + 25, jump the tens, then hop the ones. Term 1 goes beyond the school Primary 1 syllabus on purpose: we start every idea with bars and number lines, and your child chooses how far to go. Each week we suggest Home Practice (about 15 minutes); pages 3 to 5 and online practice are optional.

> **Add and take away tens without carrying.**

TRY AT HOME (5 MINUTES)

1. Jump and hop: pick a number up to 60 whose ones digit is 1 to 6, such as a door or page number. Ask: what is 10 more? 20 more? 3 more? Let your child build it with bars and squares if they want.
2. Number path: draw a line on paper with a mark every 10. Put a coin on a number and jump it in tens. Ask which digit changes and which stays the same.
3. Silly mistake: say 34 + 20 = 36 on purpose and let your child find what went wrong.

When your child is stuck

Let your child use the bars and squares or draw the jumps, and wait 10 seconds before helping. Please do not teach the column method yet, and do not hurry. If your child ticked I am still stuck on the look-back page, photograph that page and send it to the business WhatsApp, +65 9880 5962, after class. Photos are kept for 90 days after the program ends, then deleted.

Words we used

- jump: add or take away tens (10, 20, 30 ...)
- hop: add or take away ones (1, 2, 3 ...)
- tens digit: the left digit, it counts the tens
- ones digit: the right digit, it counts the ones

Good questions

- Is that a jump or a hop?
- Which digit changes?
- What do you land on after the jump?

Have ready for next lesson

- Your tens bars and ones squares, cut out (workbook page 6) and kept in an envelope
- A pencil, a pencil of another colour, a rubber and spare paper
- The printed Lesson 7 workbook

Next lesson

Lesson 7: Take Away, Count Up. The recording has the tutor, the shared screen and any voice that is not muted; your child may mute and keep the camera off. The recording link is private to your family: please do not share it. Missed a lesson? Every lesson is recorded; your tutor will share a private link with enrolled families.
