# Kit page: tens bars and ones squares

A grown-up cuts these out before the lesson. A bar is a ten. A square is a one. Keep them in an envelope.

**Print this page on its own sheet, or on one side only, so cutting never spoils another page. A grown-up cuts; children do not use scissors. Keep the pieces in an envelope with your name. We use them again.**

## Tens bars: cut out all 9 (each bar is a ten)

## Ones squares: cut out all 20 (each is one one)
