What Time Is It?: practice at home

Name _____ Date _____

About 15 minutes, a few days after the lesson. Use the cut-out clock or a real clock. Small things stay on the table, away from mouths and little brothers and sisters. A grown-up may read the questions aloud. Wrong answers are fine: they show what to try next. The answers are on a separate sheet, so they never print on the back of this one.

No.1

Start here

A clock has a short hand and a long hand. Which hand names the hour? Circle short or long.

short long

No.2

Start here

The long hand is on the 12. The short hand is on the 5. Write the time in digits. _____

No.3

Start here

The long hand is on the 6. The short hand is half way between the 8 and the 9. Write the time in digits. _____

No.4

Think harder

The long hand is on the 9. Count in 5s. How many minutes past the hour is that? _____ minutes

No.5

Start here • Practice from earlier: Term 1 Lesson 1

Write the number: 9 ones and 2 tens.
