Teacher answer key: Primary 1

This key lists the answers and the result of the check on every page. You do not need it for routine marking: a pupil who has a working check has the right answers. To spot-check, compare the check strip with the line "Check result" below.

How the topic tags work

Each entry names the Primary 1 topic strand and the syllabus outcome numbers the puzzle practises (Mathematics Syllabus, Primary, 2021 edition; Primary 1, pages 31 and 32). Outcome numbers are in this key only and not on the pupil pages.

Topic coverage

Strand	Pages
Number and Algebra - Whole Numbers	P1-01, P1-02, P1-03, P1-04, P1-05, P1-06, P1-07
Number and Algebra - Addition and Subtraction	P1-08, P1-09, P1-10, P1-11, P1-12
Number and Algebra - Multiplication and Division	P1-13, P1-14
Number and Algebra - Money	P1-15, P1-16
Measurement and Geometry - Measurement	P1-17, P1-18
Measurement and Geometry - Geometry	P1-19
Statistics - Data Analysis	P1-20

Syllabus items not covered by a puzzle: reading and writing numbers in words, number-sentence signs in isolation, measuring and drawing a line to the nearest cm, am and pm, copying figures on a grid, forming figures from shapes. Teachers may wish to tell the pupils these topics are covered in class work.

P1-01 Tens and Ones 1 star

Topic: Counting: tens and ones

Syllabus: Number and Algebra - Whole Numbers; outcomes 1.1 to 1.3 (count a set, tens and ones)
Puzzle type: Code-breaker. Self-check: K1 code word (6 letters).
Answers: 94, 38, 88, 62, 77, 18
Check result: Code word: ROCKET
Teacher note: Each picture shows tens as long rods of ten squares and ones as dots. Typical slip: counting a rod as 1 or reading tens and ones the wrong way round, which gives a number that is not in the table.
Script checks passed: 3 of 3.

P1-02 Mystery Numbers 2 stars

Topic: Numbers to 100: tens digit, ones digit, more and less

Syllabus: Number and Algebra - Whole Numbers; outcomes 1.1 to 1.5 (numbers to 100, compare)
Puzzle type: Number riddles. Self-check: K1 code word + K7 test the clues (5 letters).
Answers: 1) 66, 2) 85, 3) 36, 4) 56, 5) 26
Check result: Code word: CLOUD
Teacher note: Every riddle has 3 or 4 clues and every clue is needed. A pupil who stops after one clue gets more than one possible number; testing the other clues removes them. Reading ones digit and tens digit correctly is the main skill.
Script checks passed: 4 of 4.

P1-03 Number Cards 1 star

Topic: Ordering numbers to 100 (smallest to greatest)

Syllabus: Number and Algebra - Whole Numbers; outcomes 1.4, 1.5 (compare and order numbers)
Puzzle type: Ordering cards. Self-check: K1 letters read in order spell a word (6 letters).
Answers: 22B , 43R , 71I , 78D , 80G , 85E (smallest to greatest)
Check result: Word: BRIDGE
Teacher note: Cards are shown out of order and no card is in its right place. Several numbers share a tens digit so pupils must compare ones digits. Swapping any two neighbouring cards breaks the word.
Script checks passed: 4 of 4.

P1-04 Sticker Grid 2 stars

Topic: Comparing numbers to 100 (more, fewer, greatest, smallest)

Syllabus: Number and Algebra - Whole Numbers; outcomes 1.4, 1.5 (compare and order numbers)
Puzzle type: Logic grid. Self-check: K4 grid: one tick in each row and column.
Answers: Ali: 63, Mei: 78, Siti: 23, Ben: 12, Kumar: 99
Check result: Grid has exactly one tick per row and column.
Teacher note: Five children, five numbers. Clues only use more than, fewer than, greatest, smallest. Pupils mark a cross where a clue rules a number out. The 'one tick in each row and column' rule exposes most mistakes.
Script checks passed: 3 of 3.

P1-05 Missing Numbers 1 star

Topic: Number patterns: count on and count back

Syllabus: Number and Algebra - Whole Numbers; outcomes 1.6 (number patterns)
Puzzle type: Pattern chain + code. Self-check: K1 code word (6 letters).
Answers: 1) 40, 2) 15, 3) 42, 4) 30, 5) 29, 6) 11
Check result: Code word: FLOWER
Teacher note: Rules used: count on or back by 1, 2, 3, 5, 10 within 100. The rule is never printed; pupils find it from the numbers given.
Script checks passed: 4 of 4.

P1-06 Count On Maze 2 stars

Topic: Number patterns: counting on by 5

Syllabus: Number and Algebra - Whole Numbers; outcomes 1.6 (number patterns)
Puzzle type: Maze / path. Self-check: K6 route closes at FINISH.
Answers: Route (row, column from top-left): (2,3) 20 -> (3,3) 25 -> (3,4) 30 -> (2,4) 35 -> (2,5) 40 -> (3,5) 45 -> (4,5) 50 -> (5,5) 55 -> (5,4) 60
Check result: Route reaches FINISH; last number is 60
Teacher note: Rule: each next box is 5 more than the box before. There are 3 tempting dead ends (a box that is 5 more but leads nowhere). A pupil who steps on one is stuck and must go back; that is the self-check.
Script checks passed: 2 of 2.

© 2026 Preciouslyours Pte Ltd. Teacher key. Photocopy licence: _____ (school name) only. Not for resale.

P1-07 The Queue 1 star

Topic: Ordinal numbers: 1st to 5th, before and behind

Syllabus: Number and Algebra - Whole Numbers; outcomes 1.7 (ordinal numbers first to tenth)
Puzzle type: Logic (queue). Self-check: K1 shirt letters read 1st to 5th spell a word + K4 each child used once.
Answers: 1st Jenny, 2nd Aisha, 3rd Ali, 4th Ravi, 5th Lily
Check result: Word: TIGER
Teacher note: The children in the top row are not in queue order. Clues use ordinal numbers, in front of, behind and next to. Syllabus ordinals go to 10th; this page uses 1st to 5th.
Script checks passed: 3 of 3.

P1-08 Make Twelve 1 star

Topic: Addition within 20

Syllabus: Number and Algebra - Addition and Subtraction; outcomes 2.1 to 2.4, 2.7 (add within 20, mental calculation)
Puzzle type: Maze / path. Self-check: K6 route closes at FINISH.
Answers: Route (row, column from top-left): (3,5) 8+4 -> (2,5) 4+8 -> (2,4) 5+7 -> (2,3) 4+8 -> (3,3) 8+4 -> (4,3) 5+7 -> (5,3) 7+5 -> (5,2) 5+7 -> (5,1) 8+4 -> (4,1) 6+6
Check result: Route reaches FINISH; every box on it adds to 12.
Teacher note: All sums are within 20. Decoy boxes make 10, 11, 13 or 14 so a slip in adding sends the pupil off the route. 3 extra boxes that do make 12 are dead ends.
Script checks passed: 3 of 3.

P1-09 Magic Square 2 stars

Topic: Adding three 1-digit numbers

Syllabus: Number and Algebra - Addition and Subtraction; outcomes 2.4 (add more than two 1-digit numbers)
Puzzle type: Magic square. Self-check: K3 every line makes 15 (8 line totals).
Answers: Rows: 4 9 2 / 3 5 7 / 8 1 6
Check result: All 8 totals = 15
Teacher note: Only three numbers are given. The solver shows the other six are forced. The sum boxes let a pupil see which line is wrong. Each number 1 to 9 must be used once.
Script checks passed: 2 of 2.

© 2026 Preciouslyours Pte Ltd. Teacher key. Photocopy licence: _____ (school name) only. Not for resale.

P1-10 Take Away Code 1 star

Topic: Subtraction within 20; missing numbers

Syllabus: Number and Algebra - Addition and Subtraction; outcomes 2.1 to 2.3, 2.7 (subtract within 20, inverse)
Puzzle type: Code-breaker. Self-check: K1 code word (6 letters) + K7 put the number back.
Answers: 1) 8, 2) 5, 3) 11, 4) 6, 5) 4, 6) 3
Check result: Code word: CASTLE
Teacher note: Items 5 and 6 ask for the number taken away. Pupils can check by adding back, which is the inverse idea.
Script checks passed: 5 of 5.

P1-11 Shape Sums 2 stars

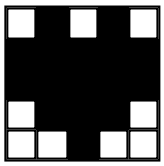

Topic: Add and subtract within 20: find the missing number

Syllabus: Number and Algebra - Addition and Subtraction; outcomes 2.1 to 2.4 (add, subtract, inverse, more than two 1-digit numbers)
Puzzle type: Balance / picture equations. Self-check: K7 put the numbers back + K1 code word (6 letters).
Answers: Set 1: circle=4, square=9, tri=3; Set 2: star=6, diamond=2, pent=7
Check result: Code word: SPRING
Teacher note: Each set has three sums and three shapes; the three sums fix all three numbers. All six numbers are different so the code table has one letter per number.
Script checks passed: 4 of 4.

P1-12 Shade the Picture 1 star

Topic: Add and subtract within 100 (no renaming)

Syllabus: Number and Algebra - Addition and Subtraction; outcomes 2.5 to 2.7 (add and subtract within 100, 2-digit and ones, 2-digit and tens)
Puzzle type: Picture-fill (colour by answer). Self-check: K2 hidden picture appears.
Answers: Answers by row: 49, 46, 45, 58, 59 | 46, 35, 58, 46, 58 | 35, 46, 46, 58, 35 | 56, 46, 46, 58, 34 | 68, 25, 35, 34, 38
Check result: Picture: heart, 16 shaded boxes

Teacher note: Only 2-digit plus or minus a 1-digit number or a whole ten, with no renaming. Distractor answers sit next to the shaded values (such as 34, 36, 45, 47) so a slip leaves a gap or an extra box in the picture.
Script checks passed: 3 of 3.

© 2026 Preciouslyours Pte Ltd. Teacher key. Photocopy licence: _____ (school name) only. Not for resale. **KEY**

P1-13 Equal Groups 1 star

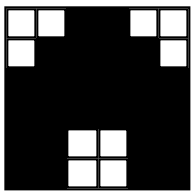

Topic: Multiplication: equal groups

Syllabus: Number and Algebra - Multiplication and Division; outcomes 3.1, 3.2 (concept of multiplication, multiplying within 40)
Puzzle type: Code-breaker. Self-check: K1 code word (6 letters).
Answers: 1) 2 x 5 = 10, 2) 5 x 5 = 25, 3) 3 x 6 = 18, 4) 3 x 8 = 24, 5) 2 x 8 = 16, 6) 5 x 4 = 20
Check result: Code word: PLANET
Teacher note: Pictures of equal groups. Pupils write the number of groups, the number in each group and the total. Totals are within 40.
Script checks passed: 4 of 4.

P1-14 Times and Share 2 stars

Topic: Multiplication within 40 and division within 20

Syllabus: Number and Algebra - Multiplication and Division; outcomes 3.2 to 3.4 (multiplying within 40, dividing within 20)
Puzzle type: Picture-fill (colour by answer). Self-check: K2 hidden picture appears.
Answers: Answers by row: 7, 4, 8, 8, 7, 18 | 15, 8, 12, 8, 20, 6 | 12, 12, 12, 12, 20, 20 | 20, 8, 8, 8, 20, 8 | 20, 8, 5, 6, 8, 8 | 12, 8, 6, 16, 8, 20
Check result: Picture: house with a door gap, 26 shaded boxes

Teacher note: Products are within 40 and every division has a dividend within 20. Decoy answers such as 7, 9, 10, 14 and 16 sit near the shaded values.
Script checks passed: 3 of 3.

P1-15 Coin Purses 1 star

Topic: Money: counting coins in cents (up to $1)

Syllabus: Number and Algebra - Money; outcomes Money (count money in cents up to $1)
Puzzle type: Code-breaker. Self-check: K1 code word (5 letters).
Answers: 1) 80c, 2) 60c, 3) 40c, 4) 25c, 5) 95c
Check result: Code word: PIANO
Teacher note: Coins used: 5c, 10c, 20c, 50c, drawn by value as printed numbers. Totals stay below $1. Coin sizes grow with value but the number is what matters.
Script checks passed: 4 of 4.

© 2026 Preciouslyours Pte Ltd. Teacher key. Photocopy licence: _____ (school name) only. Not for resale.

P1-16 Shop Prices 2 stars

Topic: Money: dollars, more and less

Syllabus: Number and Algebra - Money; outcomes Money (dollars up to $100) with 2.1 to 2.3 (add, subtract)
Puzzle type: Logic grid. Self-check: K4 grid: one tick in each row and column.
Answers: pen: $30, book: $4, ball: $15, kite: $6, cup: $8; cup + pen = $38
Check result: One tick per row and column; all clues true.
Teacher note: Five items, five prices. 'Costs $5 more than' needs a subtraction or add-on; pupils test each price against it. The final question depends on the grid being right.
Script checks passed: 4 of 4.

P1-17 How Long? 1 star

Topic: Length: measure in centimetres

Syllabus: Measurement and Geometry - Measurement; outcomes Length 1.1 to 1.3 (measure in cm, abbreviation cm)
Puzzle type: Code-breaker. Self-check: K1 code word (6 letters).
Answers: 1) 4 cm, 2) 5 cm, 3) 10 cm, 4) 2 cm, 5) 8 cm, 6) 6 cm
Check result: Code word: PENCIL
Teacher note: A ruler is drawn under each strip at 10 mm to 1 cm. If the page is copied at a different scale the strip and ruler change together, so the reading stays right. All strips start at 0 and are whole numbers of cm.
Script checks passed: 3 of 3.

P1-18 Clock Time 2 stars

Topic: Time: tell time to 5 minutes; 1 hour and half an hour later

Syllabus: Measurement and Geometry - Measurement; outcomes Time 2.1 to 2.4 (tell time to 5 minutes, durations of 1 hour or half an hour)
Puzzle type: Code-breaker. Self-check: K1 code word (5 letters).
Answers: 1) shows 2:25, later 3:25, 2) shows 7:50, later 8:20, 3) shows 8:25, later 9:25, 4) shows 7:35, later 8:05, 5) shows 6:00, later 7:00
Check result: Code word: TIMER
Teacher note: Tell the time to 5 minutes, then add 1 hour or half an hour. The decoy times in the table are the time shown, the wrong hour and the wrong minute, so a misread clock or a missed step gives a letter that does not belong. a.m. and p.m. are not used on this page.
Script checks passed: 4 of 4.

© 2026 Preciouslyours Pte Ltd. Teacher key. Photocopy licence: _____ (school name) only. Not for resale.

P1-19 Shape Count 2 stars

Topic: 2D shapes: rectangle, triangle, circle, half circle, quarter circle

Syllabus: Measurement and Geometry - Geometry; outcomes Geometry 1.1, 1.3 (name 2D shapes; identify the shapes in a figure)
Puzzle type: Count + code-breaker. Self-check: K3 the five counts add to 15 + K1 code word (5 letters).
Answers: rectangles: 5, triangles: 4, circles: 2, half circles: 1, quarter circles: 3 (total 15)
Check result: Total 15; code word: SHAPE
Teacher note: The picture has no squares so there is no 'is a square a rectangle?' question. Shapes are turned in different directions on purpose. The five counts are all different (1 to 5) so each count gives one letter.
Script checks passed: 4 of 4.

P1-20 Fruit Graph 2 stars

Topic: Picture graphs: read, complete and answer

Syllabus: Statistics - Data Analysis; outcomes Picture graphs (read and interpret picture graphs)
Puzzle type: Graph detective. Self-check: K3 total circles equals the stated total.
Answers: Apple: 3, Banana: 3, Orange: 6, Grape: 4, Pear: 2; a) Orange; b) 4
Check result: Total 18 circles
Teacher note: Each circle stands for one child (a scale of 1, as in the Primary 1 syllabus). The clues are the only way to find the three missing rows. If a pupil's total is wrong, one of the first two clues was misread.
Script checks passed: 5 of 5.
