Inquirers' Showcase: home practice answers

Name _____ Date _____

For grown-ups. Please let your child try first, then check together. Ask *how do you know?* If your child is stuck, wait 10 seconds, then suggest drawing it.

1. 17
12 and 5 make 17. Check: 17 take away 12 is 5.

2. 6 and 8
List the pairs: 6 and 8 add up to 14, and 8 is 2 more than 6. Check: no other pair that adds up to 14 is 2 apart.

3. Wrong; 12
20 take away 8 is 12. Check: 12 and 8 make 20.

4. 4
8, 9, 10 and 11 all fit, so there are 4 numbers. A good puzzle has exactly one answer, so this one needs another clue.

5. $2
$10 shared equally among 5 pens is $2 each.

More practice online (no timers, no scores): ask your tutor for the practice link.
