TUTOR GUIDE • LEVEL 1 • TERM 3 • LESSON 10 OF 10

Calendar Detective

Big idea: Days and weeks go round in a cycle of 7. After Sunday comes Monday again. A week is 7 days, so the same day comes back every 7 days, and we can count on to find a day or a date.

90 minutes • live online or face to face • up to 8 children • ages 6-8 • Notice it. Test it. Explain why.

1. At a glance

Strand	Time: days of the week, weeks and dates (Primary 1 time and the process skills); Mi's Challenge Quest for the term (Time: days of the week and a week as 7 days (Primary 1 Time; days of the week are not a listed outcome in the syllabus pages for Primary 1: flagged for tutor review); Counting on within a cycle and on a month page (number patterns, Primary 1, p. 31); Mi's Challenge Quest: 8 short gates, one for each lesson of the term, and an optional secret cave (all at Start here level)) Strand label for the tutor only. This is an added lesson (gap: time and calendar). Days of the week and dates are not a listed Primary 1 outcome (Primary 1 Time items are clock items), so the lesson is flagged for tutor review; no Primary 1 school paper in the sample tests the calendar. Start here is approachable: the days in order, the day before and after, three days later (no wrap), the number of days in a week and a week after a date on a month page. BEYOND PRIMARY 1 ON PURPOSE at Think harder and Go further only: 'two days after the day before yesterday', the 10th day from Monday, 3 weeks, a fortnight, the date of a day on a month page, every Wednesday of a month (the same weekday every 7 days), and 'Hundred Days Later' (100 days is 14 weeks and 2 days, so Monday plus 100 days is Wednesday; dividing by 7 with a left-over is a Primary 3 outcome, so the lesson says 14 weeks and 2 days over). Owner decisions, 22 and 23 Oct 2026: Mi's Challenge Quest replaces the end-of-term check; every lesson names a beyond item; Start here stays approachable. Do not describe the lesson as MOE-aligned. This lesson also holds Mi's Challenge Quest (20 minutes, minutes 35 to 55, straight after the brain break; a game with Mi, not a test). Gates: 1 clock to 5 minutes and am or pm (Lessons 21 and 22), 2 half an hour and one hour later (23), 3 coins and change (24), 4 compare prices and exactly $10 (25 and 26), 5 grid (27), 6 sticks (28), 7 a wrong sum (29), 8 days later and a week on the month page (30); the secret cave is an unseen puzzle joining two moves. Contest tag (tutor only): day-of-the-week cycles; counting on; a week as a unit. Non-routine types (tutor only): a context fact (a week, a fortnight), a pattern (the cycle of 7), a logic puzzle (two days after the day before yesterday).
Objectives	• Put the days of the week in order, say the day before and the day after, and say that after Sunday comes Monday again. • Say the day 3 days later or 4 days later by counting on from tomorrow (not from today). • Read dates on a month page and say the date a week after, and use a week as a unit of 7 days. • Think harder: two days after the day before yesterday, the 10th day from Monday, 3 weeks and a fortnight, and the day of a date on a month page. • Go further: Hundred Days Later (a left-over after whole weeks), every Wednesday of a month, and the date 3 weeks later. Play Mi's Challenge Quest, a game with Mi on private paper: 8 short gates that visit the lessons of the term.
Joining cold	**Remember warm-up covers:** Count in 7s along a row of the calendar from 3 (Term 2 Lesson 16, taught again with a calendar row); 1st to 10th (Term 2 Lesson 11, taught again with a picture); The day cards in order, Monday to Sunday (taught again with 7 cards). Only counting to 31. Nothing from earlier lessons is needed: the warm-up counts in 7s along a calendar row, says 1st to 10th and puts 7 day cards in order. The words week, fortnight, day before and days later are taught in Explore and the Mini-lesson. Try not to miss this lesson: it holds Mi's Challenge Quest. A child who misses it plays at the make-up slot (small group, a parent beside the child on camera) BEFORE watching the recording: the quest is not in the recording. The lesson itself needs only counting to 31, so a child who joins here cold can follow the warm-up and the first workbook page; the family may leave out gates for lessons the child did not attend.

Child materials	• Your Term 3 book: the calendar page, torn out along the dashed line, with the 7 day cards cut out by a grown-up beforehand (the month page is not cut) • The Quest Log (4 pages, in your Term 3 book), kept closed in an envelope until the tutor says to open it, a quest partner (a grown-up or a brother or sister), and a pencil and rubber • No printer or no cutting? Write the 7 days on 7 small pieces of paper. A calendar from the house works instead of the month page • Your clock and play money from earlier in the term are optional helpers in the Quest; they are not needed • A pencil, a rubber and spare paper
Tutor materials	• The slide deck and the quest files (tutor notes with the private notes sheet, grown-up note) • Your own day cards and a month page to show on camera, if you wish • Your own watch or clock, out of sight of the camera. No timer or clock is shown during the quest No ruler is needed. Nothing needs to be bought. Small pieces stay on the table: nothing goes in the mouth or ears; keep them away from younger brothers and sisters. No matches, toothpicks or anything sharp. Nobody cuts during the lesson; a grown-up cut the cards beforehand. The month is made up: it is not a real month of a real year.
Tiers	Start here (6 questions, pages 1 and 2), Think harder (4, page 3), Go further (3, page 4), Investigation and look-back (page 5), kit page (page 6). Labels are neutral; nobody is told which page they are on.
Beyond Primary 1 (tutor only)	Hundred Days Later at G1: Finding the day 100 days later (14 weeks and 2 days over, so Monday plus 100 days is Wednesday) by using whole weeks and the left-over days. Dividing by 7 with a left-over is a Primary 3 outcome (remainders), so the lesson says weeks and days over and never writes a division. The other Think harder and Go further items (two days after the day before yesterday, the 10th day from Monday, a fortnight, every Wednesday of a month, 3 weeks later) go past the Primary 1 time outcomes too. Named puzzle: Hundred Days Later. Never in Start here, never advertised to children.
Contest-style move	Used at Think harder, Go further and the Investigation: day-of-the-week cycles: counting on round a cycle of 7, and a left-over after whole weeks; a logic puzzle with days: two days after the day before yesterday; a pattern on a month page: the same weekday every 7 days, every Wednesday of a month; a context fact as a unit: a week is 7 days and a fortnight is 14 days. Never advertised to children or parents.

Before the lesson

- Solve every workbook question and every quest gate (and the secret cave item) yourself first, with the quest tutor notes (L30_Quest_Tutor_Notes.pdf): the answers, the private notes sheet for each child and the group advice sheet. Workbook answers: S1 Wednesday, Saturday; S2 Tuesday, Sunday; S3 Friday; S4 Monday; S5 7, the 13th; S6 True, False, True, True; T1 Thursday, Wednesday; T2 Sunday, Wednesday; T3 21, 14; T4 Saturday, the 25th; G1 14 weeks and 2 days, Wednesday; G2 8, 15, 22, 29 and Friday; G3 21, the 27th, Monday; I1 Wednesday, Thursday and Friday.
- A week before, tell the families to have ready: the Quest Log (4 pages, in the Term 3 book), kept closed in an envelope; a quest partner (a grown-up or a brother or sister); and the calendar page torn out, with the 7 day cards cut out by a grown-up. Send them the grown-up note (L30_Quest_Parent_Note.pdf). A family with no printer tells you: arrange the make-up slot. Build the quest files with: bash term/l1/build.sh 30.
- Have the slides open. The quest is straight after the brain break, minutes 35 to 55, then the workbook. Have the quest tutor notes ready and your own watch where only you can see it. Never show a clock, countdown or timer on the shared screen during the quest. Delete each child's notes sheet when the line is sent.
- Check the recording captures the tutor and the shared screen. Children video is excluded; any unmuted voice is recorded. Greet each child by first name as they arrive, then start the recording, then say the notice; avoid first names while it runs. PAUSE the recording for the whole quest (minutes 35 to 55) and restart it for the workbook. The business WhatsApp number is never said or shown on a slide; it is in the grown-up note.
- Be plain with families: days of the week are not a listed Primary 1 outcome (flagged for tutor review); the days, day before and after and a week as 7 days are approachable, and two days after the day before yesterday, a fortnight, every Wednesday of a month and Hundred Days Later go beyond the Primary 1 syllabus on purpose. Do not call the lesson MOE-aligned. The month is made up: no year, no public holidays.

Safeguarding and recording (this lesson)

- The day cards and the month page are paper or card. Small pieces stay on the table: nothing goes in the mouth or ears. No matches or toothpicks. Nobody cuts during the lesson; a grown-up cut the cards beforehand.
- This lesson uses the main room only: no breakout rooms, so the tutor sees every camera. A parent sits nearby but does not give answers.
- Nobody holds paper or a card up to the camera: a gallery view shows everyone. Children tick their own work against the answer slide, answer together on a count of three, or show fingers or a thumb for a choice. Mi's Challenge Quest stays flat on the table and is never held up or read out, and nothing is added up in front of the group. There is no private chat.
- Never read out a child's name with a right or wrong answer. The recording has the tutor, the shared screen and any voice that is unmuted. Children may mute and keep their cameras off. A child's page is never shown.
- Movement break: children need a little clear space, soft shoes or socks on a safe floor, no stairs and no running. Stamping is soft; a child may stay seated and tap the table.
- A child who is still stuck ticks 'I am still stuck' on the look-back page. A grown-up may photograph that page after class and send it to the business WhatsApp only; photos are kept for 90 days after the program ends. The tutor then helps in the open session next term. The quest photos follow the same route and are opened only on the business WhatsApp, never on a personal phone. No private messages to children.
- The look-back is never collected in front of the group or read out. A pass is always allowed.

2. Timing plan (90 minutes exactly)

Minutes	Part	Min	Slides	Script fills
0–2	**Opening**	2	1: Calendar Detective	1:32
2–8	**Remember warm-up**	6	3: Count in 7s, 1st to 10th, The days in order	4:36
8–12	**Sneak-peek puzzles**	4	1: Sneak-peek puzzles	2:52
12–22	**Explore**	10	7: Explore: the days in a row, The week goes round, Explore: count on, Counting on, Explore: a month page, A week later is the 12th, What did we notice?	7:59
22–31	**Mini-lesson**	9	8: Days later, Monday, counting on from tomorrow, The day before, Sunday, A week on the month page, The 16th, A fortnight, The 18th	7:09
31–35	**Brain break**	4	1: Say the days	2:58
35–55	**Mi's Challenge Quest**	20	2: Mi's Challenge Quest, The Pearl Cave	16:38
55–80	**Workbook**	25	5: Workbook page 1: Start here, Check page 1, Workbook page 2: Start here, Check page 2, Choose your next page	18:50
80–84	**Talk time**	4	2: Talk and explain, Back to the sneak-peek	3:17
84–86	**Look-back**	2	1: Look-back	1:36
86–90	**Flex time and goodbye**	4	1: Well done, inquirers!	0:28
	Total	**90**		**67:54**

The script needs 67:54 of the 90:00 when children are quick. A slow class (speech 10% slower, children and slide changes 20% slower) needs 80:07. The last 5 minutes are a standing buffer: if you are behind, use them; do not start anything new. Clock checks: minute 12 (end of sneak-peek), minute 55 (start of workbook), minute 80 (talk time). If more than 2 minutes behind at minute 55, skip in this order: In a slow class the workbook part runs over: take the time from the 4-minute flex buffer and shorten choice time (pages 3 to 5 can go home); the optional slide and the optional exit ticket; the fortnight slide in the Mini-lesson; never shorten Mi's Challenge Quest. Never skip the look-back or the camera and privacy moments.

3. Lesson script

Times show when each line should start, counted from the start of the lesson, if you keep to the script. SAY lines are spoken in your own words. REC lines are the short recording-voice cues for children who watch later. Children answer aloud, with fingers or hands; no private chat; no boards held up in front of the group.

0:00 – 2:00 Opening

script 1:32 of 2:00

0:00	SLIDE	Show slide **Calendar Detective** (s-title)
0:15	REC	*If you are watching the recording: hello! Get a pencil, paper, your workbook, your day cards and your Quest Log. Pause or rewind any time.*
0:28	DO	Greet each child by first name as they arrive. Then start the recording. While it runs, avoid names. Check that you can see each child. [0:12]
0:40	SAY	Hello, inquirers! Please stay muted unless I invite you to speak. Cameras on if you can, so I can see you; cameras off is fine too. Pencil ready, and your day cards and your closed Quest Log on the table.
1:00	SAY	This lesson is recorded so a friend who is away can catch up. The recording has me, the shared screen and any voice that is unmuted. You may mute and keep your camera off.
1:16	SAY	Today we are calendar detectives. After our break we play Mi's Challenge Quest, a game with Mi, on our own paper. It is not a race, and nobody sees your answers.
	NOTE	Say the recording notice in the SAY line above in your own words after the recording has started: the recording has the tutor, the shared screen and any unmuted voice; children may mute and keep the camera off. The routine and the four inquirer rules were introduced earlier in the term: do not re-teach them.
	NOTE	Plain statement for families when it comes up: days of the week are not a listed Primary 1 outcome; two days after the day before yesterday, a fortnight, every Wednesday of a month and Hundred Days Later go beyond Primary 1 on purpose.
	NOTE	New here? Say in one minute: our three rule words (notice it, test it, explain why); a guess is fine and you can always pass; after Start here you may choose Think harder, Go further or the Investigation; nobody holds paper to the camera. The first recording of the term shows the full routine.

2:00 – 8:00 Remember warm-up

script 4:36 of 6:00

2:00	SLIDE	Show slide **Count in 7s** (s-rem1)
2:15	REC	*Recording: join in! Say your answers out loud before I say them. Pause if you need longer.*
2:24	SAY	Counting in sevens. Three, then ten, then seventeen. We add seven each time.
2:30	ASK	What comes next after seventeen? [wait about 30 s for answers]
3:02	CHILDREN	Your turn. Start at five and count on in sevens: five, twelve, nineteen. Say it with me. [0:40]
3:42	SLIDE	Show slide **1st to 10th** (s-rem2)
3:58	SAY	Dates use the same words as places in a line: the first, the second, the third, up to the tenth.
4:08	ASK	Which place is the green child? [wait about 25 s for answers]
4:36	SLIDE	Show slide **The days in order** (s-rem3)
4:50	SAY	Seven days make a week. Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, Sunday. Say them with me, slowly.
4:59	ASK	What comes after Sunday? [wait about 25 s for answers]
5:26	CHILDREN	Put your seven day cards in a row, from Monday to Sunday. Then say the days with your finger on each card. [1:10]

	IF STUCK	If a child is unsure how to count in 7s, add 10 and take away 3. For places, count from the front. For the days, point along the cards.
	NOTE	Answers: 24; third; Monday. Children answer with a whisper, fingers or hands. Nobody writes. Joining cold: all you need is counting to 31 and the pictures.

8:00 – 12:00 Sneak-peek puzzles

script 2:52 of 4:00

8:00	SLIDE	Show slide **Sneak-peek puzzles** (s-sneak)
8:12	REC	*Recording: pause now and try both puzzles on your paper. Guessing is fine. Press play for the next part.*
8:22	SAY	Two sneak-peek puzzles: ideas we have not learnt yet. A guess is a great start, and I do not know is welcome. Nobody sees your answers.
8:34	READ	Puzzle one. Today is Monday. What day is it tomorrow?
8:40	CHILDREN	Children write on their own paper. [0:30]
9:10	READ	Puzzle two. Today is Thursday. What day is it 5 days later? I know because blank.
9:19	CHILDREN	Children write or draw their answer. [1:25]
10:44	SAY	Keep your paper. Nobody shows it. We will check our own thinking later, at Talk time.
	NOTE	Puzzle 1 answer: Tuesday. Puzzle 2 answer: Tuesday (Friday 1, Saturday 2, Sunday 3, Monday 4, Tuesday 5). A child who counts Thursday as day 1 gets Monday: say nothing yet. Look for good ideas to praise later. Do not write scores or keep a list.

12:00 – 22:00 Explore

script 7:59 of 10:00

12:00	SLIDE	Show slide **Explore: the days in a row** (s-explore1)
12:15	REC	*Recording: pause now. Put your day cards in order, then count on round the week and find a date on the month page.*
12:26	SAY	The day cards are the teachers today. Take your seven day cards and put them in a row. Start with Monday.
12:37	CHILDREN	Children put the cards in order. Tutor scans the cameras. [0:45]
13:22	ASK	What comes after Sunday? [wait about 25 s for answers]
13:49	SLIDE	Show slide **The week goes round** (s-explore1-ans)
13:57	SAY	After Sunday, the week starts again with Monday. The days go round like a clock.
14:04	SLIDE	Show slide **Explore: count on** (s-explore2)
14:20	SAY	Round two. Put your finger on Tuesday. Jump five days later. Do not count Tuesday: start from tomorrow.
14:28	CHILDREN	Children count on with the cards and say the day. [0:55]
15:24	ASK	Which day do you land on? Now start on Sunday and jump three days. [wait about 40 s for answers]
16:10	SLIDE	Show slide **Counting on** (s-explore2-ans)
16:18	SAY	Tuesday and five days later is Sunday. Sunday and three days later is Wednesday. We start counting from tomorrow.
16:28	SLIDE	Show slide **Explore: a month page** (s-explore3)
16:43	SAY	Round three. This month page starts on a Wednesday. The fifth is yellow. Count on seven days. Which date do you land on?
16:54	CHILDREN	Children count on along the month page with a finger. [0:50]
17:44	ASK	Which date? Which day of the week is it? [wait about 30 s for answers]
18:19	SLIDE	Show slide **A week later is the 12th** (s-explore3-ans)

18:27	**SAY**	The twelfth. A week later, and it is a Sunday too.
18:32	**SLIDE**	Show slide **What did we notice?** (s-explore4)
18:40	**ASK**	Why is the twelfth a Sunday too? What happens to the day when we count on seven? [wait about 55 s for answers]
19:44	**SAY**	After seven days we are back on the same day. In one column of the month page, every date is the same day, and the dates go up by seven.
	IF STUCK	A child who counts today as day 1 lands one day early: ask them to start from tomorrow. A child who loses the place on the cards: slide a finger along. A child with no cards writes the seven days on paper.
	NOTE	Main room only. Answers: Monday; Sunday; Wednesday; the 12th, a Sunday. Do not say the rule before the children do.

22:00 – 31:00 Mini-lesson

script 7:09 of 9:00

22:00	**SLIDE**	Show slide **Days later** (s-m1)
22:08	**REC**	*Recording: keep watching and copy the examples. Rewind if you miss a step.*
22:14	**SAY**	Today is Thursday. We want the day four days later. Count on from tomorrow.
22:22	**ASK**	What day is it four days later? [wait about 35 s for answers]
23:00	**SLIDE**	Show slide **Monday, counting on from tomorrow** (s-m1-ans)
23:08	**SAY**	Friday is one, Saturday two, Sunday three, Monday four. It is Monday. We never count today.
23:16	**SLIDE**	Show slide **The day before** (s-m2)
23:24	**ASK**	What is the day before Monday? [wait about 30 s for answers]
23:57	**SLIDE**	Show slide **Sunday** (s-m2-ans)
24:05	**SAY**	Sunday. The week goes round backwards too. Yesterday is the day before today, and tomorrow is the day after.
24:14	**READ**	Your turn. What is the day after Friday? What is the day before Thursday? Write them.
24:23	**CHILDREN**	Children write on their own paper. Wait 10 seconds before helping. [0:35]
24:58	**SAY**	The day after Friday is Saturday. The day before Thursday is Wednesday.
25:04	**SLIDE**	Show slide **A week on the month page** (s-m3)
25:12	**SAY**	A week on the month page. The yellow day is the ninth.
25:18	**ASK**	What date is a week later? [wait about 35 s for answers]
25:56	**SLIDE**	Show slide **The 16th** (s-m3-ans)
26:04	**SAY**	A week is seven days. Nine and seven make sixteen. It is the date straight below.
26:12	**READ**	Your turn. The yellow day is the 2nd. What date is a week later? Write the number.
26:22	**CHILDREN**	Children write on their own paper. Wait 10 seconds before helping. [0:40]
27:02	**SAY**	Two and seven make nine. A week after the second is the ninth.
27:08	**SLIDE**	Show slide **A fortnight** (s-m4)
27:16	**SAY**	A fortnight is two weeks. That is fourteen days. The yellow day is the fourth.
27:24	**ASK**	What date is a fortnight later? [wait about 40 s for answers]
28:06	**SLIDE**	Show slide **The 18th** (s-m4-ans)
28:14	**SAY**	Two weeks is fourteen days. Four and fourteen make eighteen. The eighteenth is a fortnight after the fourth.
28:24	**READ**	Your turn. A holiday lasts one week. How many days is that? And a fortnight? Write the two numbers.
28:34	**CHILDREN**	Children write on their own paper. Wait 10 seconds before helping. [0:30]

29:04	SAY	A week is seven days. A fortnight is fourteen days.
	IF STUCK	If a child counts today as day 1, ask them to start from tomorrow. If a child says a week after the 9th is the 17th, ask them to count the 7 days one at a time. If a child cannot go before Monday, show the cards in a ring.
	NOTE	Key words to use every time: day, week, fortnight, tomorrow, yesterday, days later, date. Say 1st, 2nd, 3rd for dates. The slides keep the answers off the screen while you ask: read every question aloud.

31:00 – 35:00 Brain break

script 2:58 of 4:00

31:00	SLIDE	Show slide **Say the days** (s-break)
31:08	REC	*Recording: stand up and join in! Say the days of the week and stamp once for each day.*
31:17	SAY	Stand up and get a sip of water. Say the days of the week slowly with me, and stamp softly for each day. Then we start on Thursday and go round.
31:32	CHILDREN	Say Monday to Sunday with a soft stamp for each. Then start on Thursday and go round to Wednesday. Then count in 7s with a soft clap: 7, 14, 21, 28. Children may stay seated and tap the table. Then everyone takes out the closed Quest Log and a pencil. [2:25]
	NOTE	Quiet movement only. After the break say: please sit down, put the closed Quest Log flat on your table, and have a pencil ready.

35:00 – 55:00 Mi's Challenge Quest

script 16:38 of 20:00

35:00	SLIDE	Show slide **Mi's Challenge Quest** (s-quest1)
35:08	REC	*Recording: Mi's Challenge Quest is not recorded. Skip ahead to the workbook. Play the quest as your tutor arranges.*
35:18	SAY	Now it is time for Mi's Challenge Quest! Mi the dolphin is swimming to the Pearl Cave, and eight gates are in the way. At each gate there is a puzzle for you. You work on your own paper with your quest partner beside you.
35:40	SAY	It is a game, not a race, and nobody gets a score. You may skip a gate and Mi will swim round it. I will not say any answers, and I will not show anyone's paper.
35:58	DO	Pause the recording now. Children open the closed Quest Log, with a pencil. Quest partners sit beside the child and may talk about how to start, but do not give answers. Paper flat on the table, never held up. Name on page 1. Counters and fingers are fine. [0:30]
36:28	READ	Page 1. Gate 1. Look at the clock. Part a: the time is blank. Part b: breakfast is at 7:00. Write am or pm. Gate 2. A film starts at 2:30. It lasts half an hour. Part a: the film ends at blank. Part b: one hour after 5:30 is blank.
36:57	CHILDREN	Children work quietly on page 1 (gates 1 and 2); partners may whisper about how, not about the answer. Look around the gallery; say nothing about right or wrong. If asked, re-read a gate to the whole group. [2:30]
39:27	SAY	Gates one and two are open! Mi swims on. Turn to page 2.
39:34	READ	Gate 3. Look at the coins. Part a: the coins make blank cents. Part b: Mei pays 10 dollars for a toy that costs 7 dollars. Her change is blank dollars. Gate 4. A pen costs 6 dollars and a ruler costs 9 dollars. Part a: which costs more? Write pen or ruler. Part b: how much more does it cost? Part c: the tags say 4 dollars, 5 dollars and 6 dollars. Two of them cost exactly 10 dollars. Write the two prices.
40:20	CHILDREN	Children work quietly on page 2 (gates 3 and 4). [3:10]
43:30	SAY	Gates three and four are open!
43:33	MOVE	One-minute stretch: stand, shake out your hands, sip some water. Paper stays on the table.
44:13	SAY	Turn to page 3. The Pearl Cave is getting closer.

44:18	**READ**	Gate 5. Every row and every column has a circle, a square and a triangle. What goes in the box with the question mark? Write the shape. Gate 6. Triangles in a row use 3, 5 and 7 sticks. Part a: the next picture uses blank sticks. Part b: 5 triangles use blank sticks. Gate 7. A child in another class writes 49 plus 38 equals 77. Part a: is the answer right? Circle Yes or No. Part b: the right answer is blank.
45:04	**CHILDREN**	Children work quietly on page 3 (gates 5, 6 and 7). [3:00]
48:04	**SAY**	Gates five, six and seven are open! One gate left. Turn to page 4.
48:11	**READ**	Gate 8. Today is Friday. Part a: three days later it is blank. Part b: look at the calendar. The yellow day is the 3rd. A week later is the blank th. The secret cave has one more puzzle, and it is optional. You may skip it. Ali pays exactly 14 dollars with 2-dollar notes and 5-dollar notes. Write one way to do it.
48:46	**CHILDREN**	Children work quietly on page 4: gate 8, then the optional secret cave item if they wish. [1:50]
50:36	**SLIDE**	Show slide **The Pearl Cave** (s-quest2)
50:44	**SAY**	You reached the Pearl Cave! Make sure your name is on every page and close your Quest Log. Well done for trying your best. Grown-ups, please take one photo of each page today and send them to the business WhatsApp, as in the note. Mi's tutor will send you one line about what we saw, never a mark.
51:13	**DO**	Say nothing about answers. Remind the group that nothing is added up and no answer is read out. Restart the recording for the workbook. Children who did not finish may use a few minutes of the workbook time. [0:25]
	IF STUCK	A child who says they cannot do a gate: say to the whole group that skipping is fine, Mi swims round it, and they may come back. A child who is upset: the grown-up may stop at any time; do not single the child out. Never give a hint to one child about an answer.
	NOTE	The answers, your private notes sheet for each child, the group advice sheet and the one-line templates for the grown-up are in L30_Quest_Tutor_Notes.pdf. Do not collect or look at any paper during the lesson. Photos arrive only on the program's business WhatsApp and the line goes to the parent only; never a message to a child, and never a personal phone. The exit ticket on workbook page 5 is for home this lesson: the quest is the exit.

55:00 – 80:00 Workbook

script 18:50 of 25:00

55:00	**SLIDE**	Show slide **Workbook page 1: Start here** (s-ws1)
55:08	**REC**	*Recording: pause now and do workbook page 1. When you finish a page, press play to check it.*
55:17	**READ**	Page 1, Start here. Question 1: write the missing days of the week. Part a and part b. Question 2: part a: the day before Wednesday is blank. Part b: the day after Saturday is blank. Question 3: today is Tuesday. What day is it 3 days later? Write the day.
55:45	**CHILDREN**	Page 1, questions 1 to 3. Tutor walks the cameras, asks how do you know. Wait 10 seconds before helping. [6:40]
62:25	**SLIDE**	Show slide **Check page 1** (s-ws1ans)
62:33	**READ**	Question 1: Wednesday and Saturday. Question 2: Tuesday, then Sunday. Question 3: Friday. Tick your own page with a tick.
62:44	**SAY**	After question 3 you may choose: carry on, or try Think harder. Everyone may choose, at any time.
62:53	**SLIDE**	Show slide **Workbook page 2: Start here** (s-ws2)
63:01	**READ**	Page 2. Question 4: today is Saturday. What day is it 2 days later? Question 5: look at the month page. Part a: a week has blank days. Part b: a week after the 6th is the blank th. Question 6: tick True or False for each statement.
63:27	**CHILDREN**	Page 2, questions 4 to 6. [7:40]
71:07	**SLIDE**	Show slide **Check page 2** (s-ws2ans)
71:15	**READ**	Question 4: Monday. Question 5: 7 days, and the 13th. Question 6: True, False, True, True. Tick your own page.
71:26	**SLIDE**	Show slide **Choose your next page** (s-choice)

71:34	SAY	When you have finished Start here, you can choose Think harder, Go further or the Investigation. Everyone may choose. You can swap at any time. Anything not finished is for home too.
71:50	MOVE	Stand and stretch for 30 seconds, then sit down and choose.
72:20	CHILDREN	Choice time: Think harder (page 3), Go further (page 4), the Investigation (page 5), or finish and check your own work. Tutor never says who is on which page. If Start here took the whole time, say that pages 3 to 5 are for home, and keep the time. [1:30]
	IF STUCK	Q1: say the days from Monday with the cards. Q2: the day before is one step back, the day after one step on. Q3: count on from tomorrow, three steps. Q4: Sunday is 1, then Monday. Q5: a week is 7 days; go down one row on the month page. Q6: say each statement with the cards.
	IF STUCK	A child who is still stuck ticks I am still stuck on the look-back page. The grown-up can photograph that page after class and send it to the business WhatsApp (never a personal phone). You then help in the open session at the start of next term. Never a private message to a child.
	NOTE	Think harder has two days after the day before yesterday, the 10th day from Monday, weeks and a fortnight, and the day of a date on the month page (beyond Primary 1 on purpose). Go further has Hundred Days Later, every Wednesday of a month and 3 weeks later. Do not announce who is on which page. The quest came first, so some children are tired, and Start here takes a middle child about 16 minutes: say that pages 3 to 5 are for home. Slow class: take the extra minutes from the flex time and do not skip the answer slides.

80:00 – 84:00 Talk time

script 3:17 of 4:00

80:00	SLIDE	Show slide **Talk and explain** (s-talk)
80:08	REC	*Recording: pause. Tell a grown-up how you can tell what day it is 10 days later.*
80:16	READ	Today is Monday. One child in another class says: 10 days later is Thursday. Another child says: 10 days later is Tuesday. Who is right? How do you know?
80:32	CHILDREN	Think about it with your day cards: count on 10 days, one at a time, or use a whole week. [0:40]
81:12	CHILDREN	Talk to the grown-up next to you or to your screen for one minute. Use the sentence starter: I think... because... [0:40]
81:52	ASK	Who would like to share? Volunteers first. A pass is always fine. [wait about 45 s for answers]
82:43	SLIDE	Show slide **Back to the sneak-peek** (s-sneakans)
82:51	SAY	Remember the sneak-peek? Puzzle one: Tuesday. Puzzle two: Tuesday. Count on from tomorrow, and after Sunday the days start again.
83:01	ASK	Did anyone change their mind while we worked? You can just nod. [wait about 10 s for answers]
	NOTE	Model answer: the first child is right; 7 days later is Monday again, then 3 more days is Thursday. Volunteers first; never call a child by name to answer; no tallies, no rankings. Praise the reason, not the speed.

84:00 – 86:00 Look-back

script 1:36 of 2:00

84:00	SLIDE	Show slide **Look-back** (s-look)
84:08	REC	*Recording: pause and fill in your look-back box. You can pass.*
84:14	SAY	Look-back. Tick what was hard and what helped you. Write or draw one thing you did well. If you like, tick one thing to try next time. You can pass. Nobody reads it out. If you tick I am still stuck, ask your grown-up to take a photo of this page after class and send it to our business WhatsApp. Then we will help you.
84:46	CHILDREN	Children fill in the look-back box on page 5. [0:50]

86:00 – 90:00 Flex time and goodbye

script 0:28 of 4:00

86:00	SLIDE	Show slide **Well done, inquirers!** (s-end)

86:08	**SAY**	Well done, inquirers, for the whole term. Next term starts with Half and Quarter, the first lesson of Term 4. You need your Term 4 book. Your tutor will tell you the start date. Goodbye, and thank you to the grown-ups.
	SLIDE	Show slide **Go further: the 15th** (s-opt) *(optional)*
	SAY	Optional, only if you are on time: a month has 31 days, and the first is a Wednesday. What day is the fifteenth?
	CHILDREN	Short think time, then take two answers. [1:30]
	SLIDE	Show slide **If we have time: pick one** (s-menu) *(optional)*
	SLIDE	Show slide **Exit ticket (optional)** (s-exit) *(optional)*
	READ	Optional exit ticket. Question 1: today is Sunday. What day is it 2 days later? Question 2: a week after the 11th is which date? Option 1: the 17th. Option 2: the 18th. Option 3: the 19th. Option 4: the 25th. Write its number in the bracket. Question 3: Ben swims every 7 days. He swims on the 4th. The next time he swims is the blank th.
	CHILDREN	Children answer E1 to E3 on page 5 on their own. [1:40]
	SLIDE	Show slide **Check the exit ticket** (s-exitans) *(optional)*
	READ	Question 1: Tuesday. Question 2: option 2, the 18th. Question 3: the 11th. Tick your own ticket with a tick.
	SAY	Spare-time menu. If the whole class is ahead, pick one or two activities from the guide (about 4 minutes each).
	NOTE	This is the standing buffer. A child who needs more time for the quest may use it. If you are behind, finish the look-back and say goodbye. Do not start anything new. Optional slide answer: Wednesday (14 days is 2 weeks after the 1st). If the whole class is ahead, use the Spare-time menu (guide section 3b) instead of rushing on.

3b. Spare-time menu: if the class is ahead

- Whole class ahead: use the Spare-time menu in the Flex time and the optional Go further slide. Pick one or two activities; do not start new content.
- A few children ahead: they may choose Go further or the Investigation, which are open to everyone. Never label or name a child, and never announce who is ahead.
- Never teach anything the next lesson needs. If the class is ahead, slow down: ask 'How do you know?' and let children explain, rather than rushing on.

Optional time, never added to the 90-minute sum. It comes from the 5-minute flex buffer, from slack in the parts, or from the optional Go further slide.

Activity	Minutes	You say	Recording cue	Answer
Does a week later always match?	4 (optional)	A child says: a week later is always the same day of the week. Is that always true? Test it with Monday, then with Friday, then with 14 days.	*Recording: pause. Test whether a week later is always the same day. Try Monday, then Friday, then 14 days.*	Yes. 7 days is a whole week, so we are back on the same day. 14 days is 2 weeks, so it is the same day too.
Make a puzzle for your grown-up	4 (optional)	Pick a day and a number of days later. Ask your grown-up what day it is, then check together by counting on from tomorrow.	*Recording: pause. Pick a day and a number of days later. Ask a grown-up to find the day, then check.*	No single answer. Check by counting on from tomorrow, and use whole weeks first for big numbers.

Teach it back	3 (optional)	Pretend your grown-up or a toy has never counted on round a week. Show how 10 days after Monday is Thursday, using a whole week first.	*Recording: pause. Show a grown-up how 10 days after Monday is Thursday, using a whole week first.*	7 days after Monday is Monday again. 3 more days is Tuesday, Wednesday, Thursday.

4. Questions, answers, hints and common mistakes

Sneak-peek puzzles (minutes 8 to 12)

Puzzle 1 (access): Today is Monday. What day is it tomorrow?

> **Answer: Tuesday.**

Puzzle 2 (think): Today is Thursday. What day is it 5 days later? I know because ___.

> **Answer: Tuesday. Count on from tomorrow: Friday 1, Saturday 2, Sunday 3, Monday 4, Tuesday 5. After Sunday the days start again.**

Unmarked. Never put answers on boards in front of the group and never read a name with an answer. Reveal the answers where your script says (usually Talk time).

Start here (workbook pages 1 and 2)

S1 Write the missing days of the week.

Mon	Tue	Wed	Thu	Fri	Sat	Sun
Monday	Tuesday		Thursday	Friday		Sunday

(a) The missing days are _____ and _____ .

> **Answer: Wednesday; Saturday**

Hint (say this first): Say the days from Monday. Which two are missing?
Worked solution: The days in order are Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, Sunday. The missing days are Wednesday and Saturday.
Common mistakes: Writing a day twice.; Writing Sunday before Saturday.
Time for a middle child: about 2.5 min.

S2 Fill in the blanks.

(a) The day before Wednesday is ____ .
(b) The day after Saturday is ____ .

> **Answer: Tuesday; Sunday**

Hint (say this first): Before means one step back. After means one step on.
Worked solution: One step back from Wednesday is Tuesday. One step on from Saturday is Sunday.
Common mistakes: Writing Thursday for before.; Writing Monday after Saturday.
Time for a middle child: about 3 min.

S3 Today is Tuesday. What day is it 3 days later?

Mon	Tue	Wed	Thu	Fri	Sat	Sun
	today					

(a) 3 days later it is ____ .
(b) 5 days later it is ____ .

> **Answer: Friday; Sunday**

Hint (say this first): Count on from tomorrow. Wednesday is 1.
Worked solution: Wednesday is 1, Thursday is 2, Friday is 3. It is Friday. Five days later: Saturday is 4, Sunday is 5. It is Sunday.
Common mistakes: Counting Tuesday as day 1 and writing Thursday.; Writing Wednesday.; (b) Writing Saturday (counting Tuesday as day 1).
Time for a middle child: about 3 min.

S4 Today is Saturday. What day is it 2 days later?

(a) 2 days later it is ____ .

> **Answer: Monday**

Hint (say this first): Sunday is 1. What comes after Sunday?
Worked solution: Sunday is 1. After Sunday the week starts again, so Monday is 2. It is Monday.
Common mistakes: Writing Sunday.; Writing Tuesday.
Time for a middle child: about 3 min.

S5 **Look at the month page. The yellow day is the 6th.**

(a) A week has ____ days.
(b) A week after the 6th is the ____ th.

Mon	Tue	Wed	Thu	Fri	Sat	Sun
		1	2	3	4	5
6	7	8	9	10	11	12
13	14	15	16	17	18	19
20	21	22	23	24	25	26
27	28	29	30	31		

Answer: 7; 13

Hint (say this first): A week later is the date straight below on the month page.
Worked solution: A week has 7 days. 6 and 7 make 13. The 13th is a week after the 6th, straight below it.
Common mistakes: Writing 12 or 14.; Writing 7 for part b.
Time for a middle child: about 3.5 min.

True/False statements: Monday is the day after Sunday.; Friday is the day before Thursday.; Wednesday is between Tuesday and Thursday.; Saturday is the day before Sunday.

S6 **Tick True or False for each statement.**

Answer: True; False; True; True

Hint (say this first): Say the days in order with your cards. Which comes first?
Worked solution: Monday comes after Sunday: true. Friday is the day after Thursday, so Friday is not the day before Thursday: false. Wednesday is between Tuesday and Thursday: true. Saturday is the day before Sunday: true.
Common mistakes: Ticking True for every statement.; Mixing up before and after.
Time for a middle child: about 3 min.

Think harder (page 3): the taught idea in a new setting

T1 **Today is Thursday.**

(a) Two days after the day before yesterday is ____ .
(b) Two days before tomorrow is ____ .

Answer: Thursday; Wednesday

Hint (say this first): Find yesterday first. Then the day before that.
Worked solution: Yesterday was Wednesday, so the day before yesterday was Tuesday. Two days after Tuesday is Thursday, which is today. Tomorrow is Friday. Two days before Friday is Wednesday.
Common mistakes: Counting forward from today only.; Writing Friday for part b.
Time for a middle child: about 5 min.

T2 **Mei starts a swimming course on Monday. Monday is day 1.**

(a) Day 7 is ____ .
(b) Day 10 is ____ .

Answer: Sunday; Wednesday

Hint (say this first): Day 8 is back on Monday. Then count on.
Worked solution: Day 1 Monday to day 7 Sunday. Day 8 is Monday again, day 9 is Tuesday and day 10 is Wednesday.
Common mistakes: Writing Tuesday for day 10 by counting Monday as day 0.; Writing Thursday.
Time for a middle child: about 5 min.

T3 **A holiday lasts 3 weeks. A fortnight is 2 weeks.**

(a) A holiday of 3 weeks is ____ days.
(b) A fortnight is ____ days.

Answer: 21; 14

Hint (say this first): One week is 7 days. Count in 7s.
Worked solution: 3 weeks is 7 + 7 + 7, which is 21 days. A fortnight is 2 weeks: 7 + 7, which is 14 days.
Common mistakes: Writing 3 times 3 = 9.; Writing 14 for 3 weeks.
Time for a middle child: about 4 min.

T4 **Look at the month page. Mei's party is on the 18th.**

(a) The 18th is a ____ .
(b) One week later is the ____ th.

Mon	Tue	Wed	Thu	Fri	Sat	Sun
		1	2	3	4	5
6	7	8	9	10	11	12
13	14	15	16	17	18	19
20	21	22	23	24	25	26
27	28	29	30	31		

Answer: Saturday; 25

Hint (say this first): The 1st is a Wednesday. Which dates are Wednesdays?
Worked solution: Wednesdays are the 1st, 8th and 15th. The 18th is 3 days after the 15th: Thursday 16th, Friday 17th, Saturday 18th. A week later is 18 and 7, which is the 25th.
Common mistakes: Writing Wednesday for the 18th.; Writing 24 or 26.
Time for a middle child: about 5 min.

Go further (page 4): mastery and extension

G1 **Today is Monday.**

(a) 100 days is ____ weeks and ____ days over.
(b) 100 days later it is ____ .

Answer: 14 weeks and 2 days; Wednesday

Hint (say this first): Whole weeks bring us back to Monday. How many days are left over?
Worked solution: 14 weeks is 14 times 7, which is 98 days. 98 days later it is Monday again. 100 is 2 more days, so it is Wednesday.
Common mistakes: Writing Monday (forgetting the 2 days over).; Counting 100 days one at a time.
Time for a middle child: about 6 min.

G2 **A month has 31 days. The 1st is a Wednesday. Look at the month page.**

(a) The Wednesdays are 1, ☐☐, ☐☐, ☐☐, ☐☐.
(b) The 31st is a ____ .

Mon	Tue	Wed	Thu	Fri	Sat	Sun
		1	2	3	4	5
6	7	8	9	10	11	12
13	14	15	16	17	18	19
20	21	22	23	24	25	26
27	28	29	30	31		

Answer: 8, 15, 22, 29; Friday

Hint (say this first): Each Wednesday is 7 more than the one before.
Worked solution: 1 + 7 = 8, 8 + 7 = 15, 15 + 7 = 22, 22 + 7 = 29. After the 29th, Wednesday, the 30th is Thursday and the 31st is Friday.
Common mistakes: Counting in 6s or 8s.; Writing Wednesday for the 31st.
Time for a middle child: about 6 min.

G3 **Today is the 6th. It is a Monday. Mei's trip is 3 weeks later.**

(a) 3 weeks is ____ days.
(b) The trip is on the ____ th.
(c) It is a ____ .

Answer: 21; 27; Monday

Hint (say this first): Count 7, 14, 21 days on from the 6th.
Worked solution: 3 weeks is 21 days. 6 and 21 make 27. Whole weeks later is the same day, so the 27th is a Monday.
Common mistakes: Writing 9 (6 + 3).; Writing Tuesday.
Time for a middle child: about 5 min.

Investigation (page 5): Which days come 5 times?

Easy first step: A month has 31 days. The 1st is a Wednesday. Write the dates of every Wednesday. How many Wednesdays are there?
Then: Which other days of the week come 5 times in this month? Write them.

Model answer: First: 1, 8, 15, 22 and 29, which is 5 Wednesdays. Thursdays are 2, 9, 16, 23 and 30, and Fridays are 3, 10, 17, 24 and 31, so Wednesday, Thursday and Friday come 5 times. The other days (Saturday, Sunday, Monday and Tuesday) come 4 times. 31 days is 4 weeks and 3 days over, and the 3 days over are the first 3 days of the month.

Look for: A child who writes the dates of each day in rows of 7 and counts them, or who says that the 3 days over are Wednesday, Thursday and Friday. Credit any clear method. A child who finds Thursday only is partly there: ask about Friday.
Common mistakes: Saying only Wednesday comes 5 times.; Counting Saturday or Tuesday 5 times.

Talk and explain (minutes 80 to 84)

Today is Monday. One child in another class says: 10 days later is Thursday. Another child says: 10 days later is Tuesday. Who is right? How do you know? Sentence starter: I think ... because ...

> **Model answer: The first child is right. 7 days later is Monday again, because a week changes nothing. Then 3 more days is Tuesday, Wednesday, Thursday. The other child counted only 8 days.**

Look for: A child who uses a whole week, or who counts on 10 days with the cards. Not just a name. Volunteers first, a pass is always fine, never call a child by name to answer, no tallies.

Exit ticket (minutes 35 to 55): 3 questions

E1 **Today is Sunday. What day is it 2 days later?**

2 days later it is ____ .

> **Answer: Tuesday**

Worked solution: Monday is 1 and Tuesday is 2. After Sunday the week starts again.
Common mistakes: Writing Monday.; Counting Sunday as day 1.

E2 **Look at the month page. A week after the 11th is which date? Write its number in the bracket.**

> **Answer: (2) the 18th**

Worked solution: A week is 7 days. 11 and 7 make 18.
Common mistakes: Choosing (1) the 17th.; Choosing (4) the 25th (two weeks).

E3 **Ben swims every 7 days. He swims on the 4th.**

The next time he swims is the ____ th.

> **Answer: 11**

Worked solution: Every 7 days means a week later. 4 and 7 make 11.
Common mistakes: Writing 5 or 7.; Writing 14.

Look-back (minutes 84 to 86)

Children tick or write: *Something I did well*; *The hardest part was* (counting on; the day before; dates on the month page; something else); *What helped me* (the day cards; the month page; checking my answer; I was not stuck); *Next time I will try* (counting on from tomorrow; using the month page; explaining why; asking a question); *I am still stuck (my grown-up will photograph this page for my tutor)* and *I would like to pass*. Never collected or read out in front of the group. A child who ticks still stuck gets a check-in in the open session next lesson.

5. Home practice and online practice

#	Tier	Question	Answer
H1	Start here	Today is Wednesday. What day is it 4 days later? It is ____ .	Sunday
H2	Start here	Look at the month page in your book. The 10th is a ____ .	Friday
H3	Start here	A week after the 14th is the ____ th. Then a fortnight after the 14th is the ____ th.	21 and 28
H4	Think harder	Today is Saturday. What day is it 9 days later? It is ____ . I know because ___.	Monday
H5	Start here	Mei has 36 stickers. She gets 10 more. Then she gives 4 away. Mei has ____ stickers now.	42

Online practice (`out/l30/practice`, key `t3l30`): 11 items; 6 have a template that makes unlimited similar questions with a computed answer. Every template variant is checked by the validator against a brute-force oracle and the runner's own JavaScript. No timers, no scores, no streaks.

6. Parent line for the term report

Your child is learning to count on round the days of the week and to find a date on a month page. This week: days later, a week and a fortnight, and Mi's Challenge Quest.

Term line (plan, section 5): Your child is learning to give a reason, and to read time and money in real life. Add one named strength and one next step from your own observation. No marks, no ranking, no claim of exam results.

7. Slide list

#	Time	Slide	On screen	Speaker note
1	0–2	**Calendar Detective** s-title	TODAY WE WILL: / Find days and dates on a calendar. / Play Mi's Challenge Quest.	Lesson 10 of Term 3, 90 minutes, the last lesson of the term. Objective: put the days in order, count on to find a day, and find a date a week later on a month page. This lesson also holds Mi's Challenge Quest (20 minutes, after the brain break, a game with Mi on private paper). Plain statement for families: days of the week are not a listed Primary 1 outcome; the days, the day before and after and a week as 7 days are approachable, and two days after the day before yesterday, a fortnight, every Wednesday of a month and Hundred Days Later go past the school Primary 1 syllabus on purpose. Time plan: opening 0 to 2, warm-up 2 to 8, sneak-peek 8 to 12, explore 12 to 22, mini-lesson 22 to 31, brain break 31 to 35, Mi's Challenge Quest 35 to 55, workbook 55 to 80, talk 80 to 84, look-back 84 to 86, flex time and goodbye 86 to 90 (the buffer: do not start anything new). Say the recording notice in one line: you and the screen only; a child may keep the camera off.
2	2–8	**Count in 7s** s-rem1	[picture: seq] / 3, 10, 17, … Count on 7 each time.	Counting in 7s (Term 2 Lesson 16, taught again). Say: 3, then 7 more is 10, then 7 more is 17. Ask: what comes next (24). A child who is unsure adds 10 and takes away 3: 17 and 10 is 27, take away 3 is 24. On a calendar, going down one row is 7 days. Children answer aloud. No writing.
3	2–8	**1st to 10th** s-rem2	[picture: line_up] / Count the places. Which place is the green one?	Places in a line (Term 2 Lesson 11, taught again). Dates use the same words: the 1st, 2nd, 3rd, 4th … 10th. Ask: which place is the highlighted child (3rd). Say: the 3rd of the month is the third day. A child who is unsure counts from the front. Children answer aloud. No writing.
4	2–8	**The days in order** s-rem3	Monday | Tuesday | Wednesday | Thursday / Friday | Saturday | Sunday | ? / Seven days make a week. What comes after Sunday?	The days in order (taught again with the 7 day cards). Say them together: Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, Sunday. Ask: what comes after Sunday (Monday: the week starts again). Do not chant the days in a song; say them calmly. A child who is unsure points along the cards. Children answer aloud. No writing.
5	8–12	**Sneak-peek puzzles** s-sneak	Ideas we have not learnt yet. A guess is a great start. Nobody sees your answers. / PUZZLE 1: anyone can try: / Today is Monday. / What day is it tomorrow? / PUZZLE 2: think: / Today is Thursday. / What day is it 5 days later? / I know because ___.	Puzzle 1 (Tuesday) is an access question. Puzzle 2 is a thinking question on the lesson idea: 5 days later than Thursday is Tuesday, counting on from tomorrow (Friday is day 1) and going round past Sunday to Monday and Tuesday. A child who counts Thursday as day 1 gets Monday: say nothing yet. Say: two sneak-peek puzzles, ideas we have not learnt yet; a guess is a great start and I do not know is welcome; nobody sees your answers. Children write on their own paper. Nobody holds paper to the camera. There is no private chat. Answers: Tuesday; Tuesday. Do not reveal puzzle 2 until Talk time. Do not write scores or keep a list.
6	12–22	**Explore: the days in a row** s-explore1	Take your 7 day cards. / Put them in a row. Start with Monday. / What comes after Sunday?	Round 1, about 2 minutes. Each child puts the 7 day cards in order from Monday. Ask: what comes after Sunday. Children answer aloud: Monday. Then ask them to move the Monday card to the end of the row and say: the days go round, like a clock. A child with no cards writes the 7 days on small papers. The row is on the next slide.
7	12–22	**The week goes round** s-explore1-ans	Mon | Tue | Wed | Thu | Fri | Sat | Sun | Mon / 1 | 2 | 3 | 4 | 5 | 6 | 7 | 1 / After Sunday, the week starts again.	The days in order and the week starting again: after Sunday comes Monday. Say: seven days make a week. Children check their row and tick. Nobody holds cards up to the camera.

8	12–22	**Explore: count on** s-explore2	Put your finger on Tuesday. / Jump 5 days later. Do not count Tuesday. / Which day do you land on?	Round 2, about 3 minutes. Children put a finger on the Tuesday card, then count on 5 days: Wednesday 1, Thursday 2, Friday 3, Saturday 4, Sunday 5. They land on Sunday. Say: we start counting from tomorrow, so we do not count today. Then try Sunday to Wednesday: 3 days later (Monday 1, Tuesday 2, Wednesday 3). Children say the day aloud and show a thumb when they agree. The answer is on the next slide. A child who counts today as 1 lands one day early: ask them to start from tomorrow.
9	12–22	**Counting on** s-explore2-ans	Today | Days later | Day / Tuesday | 5 | Sunday / Sunday | 3 | Wednesday / Start counting from tomorrow.	The answers for round 2: Tuesday and 5 days later is Sunday; Sunday and 3 days later is Wednesday. Say: we do not count today; tomorrow is day 1. Children tick their own work.
10	12–22	**Explore: a month page** s-explore3	[picture: calendar] / The yellow day is the 5th. Count on 7 days. Which date do you land on?	Round 3, about 3 minutes. The month page is not a real month: it starts on a Wednesday and has 31 days. The 5th is yellow, a Sunday. Count on 7 days: the 6th is 1, the 7th is 2 … the 12th is 7. Children count along the page with a finger and say the date. Ask: which day of the week is the 12th (Sunday too). The answer is on the next slide. A child with no month page uses a calendar from the house or writes the numbers in rows of 7.
11	12–22	**A week later is the 12th** s-explore3-ans	[picture: calendar] / The 5th and the 12th are both Sundays. A week is 7 days.	The answer for round 3: 7 days after the 5th is the 12th, and both are Sundays. Say: go down one row, and you are a week later. Children tick their own work.
12	12–22	**What did we notice?** s-explore4	Why is the 12th a Sunday too? / What happens to the day when we count on 7? / Which dates in a column are the same day?	Take one or two answers from volunteers. Key ideas: after 7 days we are back on the same day, so a week later is the same day of the week; the dates in one column of the month page are all the same day and go up by 7 (5, 12, 19, 26 are Sundays). Repeat a child answer in your own words so the recording picks it up. Do not give the rule before the children say it.
13	22–31	**Days later** s-m1	Today is Thursday. What day is it 4 days later?	Worked example. Today is Thursday. Count 4 days later from tomorrow: Friday is 1, Saturday 2, Sunday 3, Monday 4. Children count with the cards and say the day. Ask: what day (Monday). Say: we never count today, and after Sunday comes Monday. A child who says Sunday counted Thursday as day 1. The answer is on the next slide.
14	22–31	**Monday, counting on from tomorrow** s-m1-ans	Friday 1, Saturday 2, Sunday 3, Monday 4. It is Monday. We start from tomorrow.	The answer for the example on the slide before. Friday 1, Saturday 2, Sunday 3, Monday 4. It is Monday. We start from tomorrow. Read it aloud so that children can tick their own work, and say what the example showed.
15	22–31	**The day before** s-m2	What is the day before Monday?	Worked example. The day before Monday is Sunday, because the week goes round backwards too. Ask: what is the day before Monday (Sunday); what is the day after Saturday (Sunday). Say: yesterday is the day before today and tomorrow is the day after. Children answer aloud. The answer is on the next slide.
16	22–31	**Sunday** s-m2-ans	The day before Monday is Sunday. Going back, the week goes round too.	The answer for the example on the slide before. The day before Monday is Sunday. Going back, the week goes round too. Read it aloud so that children can tick their own work, and say what the example showed.
17	22–31	**A week on the month page** s-m3	[picture: calendar] / The yellow day is the 9th. What date is a week later?	Worked example. A week after the 9th is 7 days later: the 16th, the date straight below the 9th on the month page. Ask: what date (16). Check: 9 and 7 make 16. Say: a week later is the same day of the week. Children answer aloud. The answer is on the next slide.
18	22–31	**The 16th** s-m3-ans	A week is 7 days. 9 and 7 make 16. The 16th is a week after the 9th.	The answer for the example on the slide before. A week is 7 days. 9 and 7 make 16. The 16th is a week after the 9th. Read it aloud so that children can tick their own work, and say what the example showed.

19	22–31	**A fortnight** s-m4	[picture: calendar] / A fortnight is 2 weeks. The yellow day is the 4th. What date is a fortnight later?	Worked example. A fortnight is 2 weeks, which is 14 days. A fortnight after the 4th: one week is the 11th, two weeks is the 18th. Check: 4 and 14 make 18. Ask: what date (18). Say: a fortnight is 2 weeks or 14 days. Children answer aloud. The answer is on the next slide. A child who adds 2 gave the number of weeks, not days.
20	22–31	**The 18th** s-m4-ans	2 weeks is 14 days. 4 and 14 make 18. A fortnight after the 4th is the 18th.	The answer for the example on the slide before. 2 weeks is 14 days. 4 and 14 make 18. A fortnight after the 4th is the 18th. Read it aloud so that children can tick their own work, and say what the example showed.
21	31–35	**Say the days** s-break	Stand up. Say the days of the week, and stamp softly for each day. / Then start on Thursday. Say 7 days. / Sip some water.	Four minutes. Stand up on camera with a little clear space. Say the days from Monday to Sunday slowly together and stamp softly once for each day. Then start on a different day (Thursday) and go round to Wednesday: the days never stop. Then count in 7s with a soft clap: 7, 14, 21, 28. No equipment, no running. A child may stay seated and tap the desk softly. Do not give prizes or compare children. Then ask everyone to take out the closed Quest Log and a pencil, ready for Mi's Challenge Quest.
22	35–55	**Mi's Challenge Quest** s-quest1	Your own paper. Mi swims with you. / Open your Quest Log. Name on page 1. / Pencil ready. Counters are fine. / Your quest partner sits beside you. / I read each gate. Then you write. / You may skip a gate. It is not a race. / AFTER: / A grown-up takes a photo of each page and sends it to the program's business WhatsApp. / Nothing is shown to the group.	Introduce the quest for about a minute: Mi the dolphin swims to the Pearl Cave through 8 gates and an optional secret cave (about 20 minutes), on your own private paper with a quest partner beside you; a game, not a race; you may skip any gate; no answers are read out; nothing is shown to the group; no clock or timer is shown. Pause the recording first. Children take out the closed Quest Log only now. The paper lies flat on the table. Quest partners sit beside the child and may talk about how, but do not give answers. Follow the quest tutor notes (L30_Quest_Tutor_Notes.pdf). The number is in the grown-up note, never on a slide.
23	35–55	**The Pearl Cave** s-quest2	Make sure your name is on every page. / Close the Quest Log. Put your pencil down. / A grown-up takes one photo of each page, flat and from above. / A grown-up sends the photos to the program's business WhatsApp number in the grown-up note, and nowhere else. / WELL DONE: / You reached the Pearl Cave! Mi will tell your grown-up one thing we saw.	Say thank you. The grown-up takes one clear photo of each of the 4 pages, with the whole page in view and the name on each page, and sends them today to the program's business WhatsApp, as in the grown-up note. The tutor never asks a child for the sheet and never comments on a child's work in front of the group. Remind the group that no answers will be read out and nothing is added up. Children who did not finish may use a few minutes of the workbook time to finish. Restart the recording for the workbook. The number is in the grown-up note, never on a slide.
24	55–80	**Workbook page 1: Start here** s-ws1	Questions 1 to 3. Take your time. / questions S1, S2, S3	Read questions 1 to 3 aloud. Children work on their own with the day cards; the tutor walks the cameras and asks how do you know. Wait 10 seconds before helping. After question 3 any child may choose to carry on or try Think harder. Question 1: two missing days in the week. Question 2: the day before and the day after. Question 3: 3 days later.
25	55–80	**Check page 1** s-ws1ans	answers S1, S2, S3	Read each answer aloud. Children tick their own page with a tick. Never ask a child to show a wrong answer to the group. Answers: Q1 Wednesday and Saturday. Q2 Tuesday and Sunday. Q3 Friday.
26	55–80	**Workbook page 2: Start here** s-ws2	Questions 4 to 6. Take your time. / questions S4, S5, S6	Read questions 4 to 6 aloud. Question 4: 2 days later than Saturday. Question 5: a week and a week after the 6th on the month page. Question 6: tick True or False for four statements. Wait 10 seconds before helping.

27	55–80	**Check page 2** s-ws2ans	answers S4, S5, S6	Read each answer aloud so a child watching the recording can tick their own work. Never ask a child to show a wrong answer to the group. Answers: Q4 Monday. Q5 7 days; the 13th. Q6 True, False, True, True.
28	55–80	**Choose your next page** s-choice	Page | What it is / Think harder (page 3) | Two days after the day before yesterday, day 10, weeks / Go further (page 4) | Hundred Days Later, every Wednesday, 3 weeks / Investigation (page 5) | Which days come 5 times? / Check | Finish and check your own work / Everyone may choose. Not finished? Pages 3 to 5 are for home too.	Invite the whole group at once, for example: when you have finished Start here, you can choose Think harder, Go further or the Investigation. Never announce who is on which page and never name a child. Pairs are not split unless both children agree. Model answers are in the tutor guide. About 4 minutes.
29	80–84	**Talk and explain** s-talk	TWO CHILDREN SAY: / Today is Monday. / One child: 10 days later is Thursday. / Another child: 10 days later is Tuesday. / Who is right? How do you know? / I think … because …	One minute of talk to the grown-up next to you, or to your screen. Volunteers first; a pass is always fine; never call a child by name to answer. Model answer: the first child is right. 7 days later is Monday again, a whole week changes nothing. Then 3 more days: Tuesday, Wednesday, Thursday. The second child counted only 8 days. Children may also count on 10 days one at a time with the cards. Link to Explore: a week later is the same day. Repeat each child answer in your own words for the recording. The two children are in another class: no cast name is given the wrong answer.
30	80–84	**Back to the sneak-peek** s-sneakans	Puzzle 1: Tuesday. Puzzle 2: Tuesday. Friday 1, Saturday 2, Sunday 3, Monday 4, Tuesday 5.	Reveal both puzzles now. Say: many of you wrote a good reason. Do not read out anyone earlier answer. Puzzle 1: Tuesday. Puzzle 2: 5 days after Thursday is Tuesday: count on from tomorrow. It was the same idea as Explore: start counting from tomorrow, and after Sunday the days start again.
31	84–86	**Look-back** s-look	[look-back box]	Two minutes. Children tick or write the look-back box on page 5. A pass is always allowed. It is never marked, never collected in front of the group and never read out. If a child ticks I am still stuck, a grown-up may photograph that page after class and send it to the business WhatsApp (the number is in the parent summary, never on a slide). You then help in the open session at the start of next term. Never a direct message to a child. The Next time I will try row is optional.
32	86–90	**Well done, inquirers!** s-end	Show a grown-up one thing you found out this term. / NEXT TERM: / Term 4: the first lesson is Half and Quarter. / Have ready: the first Term 4 book. Your tutor will tell you the start date.	Say goodbye and thank the grown-ups. Minutes 86 to 90 are flex time: the buffer. A child who needs longer to finish the quest may use it; otherwise finish any open item. Do not start anything new. If the whole class is ahead, show the optional slides and use the Spare-time menu from the tutor guide. Remind families that the tutor sends one line about what we saw in Mi's Challenge Quest, never a mark, and that the next term needs the first Term 4 book and the cut-out fold shapes named in the next book.
33	optional	**Go further: the 15th** s-opt	A month has 31 days. The 1st is a Wednesday. / What day is the 15th?	Optional, only if you are on time. The 15th is 14 days after the 1st, which is 2 weeks, so it is a Wednesday too. Take two answers and move on. This links to the fortnight in the Mini-lesson and to the month page questions on page 4.

34	optional	**If we have time: pick one** s-menu	Activity | What we do / Is it always true? | Does a week later always give the same day? Test it. / Make a puzzle | Write a days-later puzzle for your grown-up. / Teach it back | Show a toy how to count on to find a day. / Optional. Everyone may join.	Optional Spare-time menu, used only if the whole class is ahead. Pick one or two activities (3 to 5 minutes each); full tutor lines and answers are in the tutor guide. Never start new content and never name who is ahead. Slow down with how do you know rather than rushing on. These minutes come from the flex buffer and are not part of the 90-minute sum.
35	optional	**Exit ticket (optional)** s-exit	On your own. No looking back. / questions E1, E2, E3	Optional and not done live: the quest was the exit. If time allows or the whole class is ahead, children answer on page 5. Read E1, E2 and E3 aloud, and the four options of E2. Children tick their own ticket against the next slide. Nobody holds paper to the camera and there is no private chat.
36	optional	**Check the exit ticket** s-exitans	answers E1, E2, E3	Read each answer aloud. Children tick their own ticket with a tick. Answers: E1 Tuesday; E2 option 2, the 18th; E3 the 11th.

8. Recording cues and chapter markers

Say each cue once, to the camera, at the start of the part. Add a chapter marker at each time. A child watching alone cannot ask you a question, so say the page and question number aloud, read each question and each answer aloud, and repeat a child's answer in your own words.

Chapter	Part	You say (recording voice)	A child watching later
0:00	Opening	*If you are watching the recording: hello! Get a pencil, paper, your workbook, your day cards and your Quest Log. Pause or rewind any time.*	Gather your workbook, day cards, pencil, paper and the closed Quest Log. Press play when ready.
2:00	Remember warm-up	*Recording: join in! Say your answers out loud before I say them. Pause if you need longer.*	Play along. Say each answer out loud before the video does.
8:00	Sneak-peek puzzles	*Recording: pause now and try both puzzles on your paper. Guessing is fine. Press play for the next part.*	Pause. Try both puzzles on your own paper. A guess is fine.
12:00	Explore	*Recording: pause now. Put your day cards in order, then count on round the week and find a date on the month page.*	Pause. Put the 7 day cards in order. Count on to find a day and a date.
22:00	Mini-lesson	*Recording: keep watching and copy the examples. Rewind if you miss a step.*	Watch and copy the examples. Rewind any step you missed.
31:00	Brain break	*Recording: stand up and join in! Say the days of the week and stamp once for each day.*	Stand up. Stamp softly for each day of the week, then sit down.
35:00	Mi's Challenge Quest	*Recording: Mi's Challenge Quest is not recorded. Skip ahead to the workbook. Play the quest as your tutor arranges.*	Skip to the workbook. Play Mi's Challenge Quest live, or at the make-up slot, not from the video.
55:00	Workbook	*Recording: pause now and do workbook page 1. When you finish a page, press play to check it.*	Pause. Do page 1, then play to check. Then page 2. Then choose a page to try.
80:00	Talk time	*Recording: pause. Tell a grown-up how you can tell what day it is 10 days later.*	Pause. Explain your answer to someone at home and show how you know.
84:00	Look-back	*Recording: pause and fill in your look-back box. You can pass.*	Pause. Fill in the look-back box, or pass.
86:00	Flex time and goodbye	*Recording: well done for finishing the term! Show a grown-up one thing you found out.*	Show a grown-up your workbook and tell them one thing you found out this term.

Do not record these slides. Pause the recording (or show a blank slide) while the quest is on screen, so the shared recording does not give away the questions or answers: s-quest1 (Mi's Challenge Quest); s-quest2 (The Pearl Cave). Say once to the camera: the recording pauses now for Mi's Challenge Quest, and starts again for the workbook. Pause the recording before you read the first gate.

9. Timing check (model, not a stopwatch)

Part	Allocated	Script	Slow class	Flag
opening	2:00	1:32	1:44	ok
remember	6:00	4:36	5:28	ok
sneak	4:00	2:52	3:22	ok
explore	10:00	7:59	9:27	ok
mini	9:00	7:09	8:24	ok
break	4:00	2:58	3:31	ok
exit	20:00	16:38	19:31	ok
work	25:00	18:50	22:25	ok
talk	4:00	3:17	3:53	ok
look	2:00	1:36	1:51	ok
flex	4:00	0:28	0:32	ok
Total	90:00	67:54	80:07	

Assumptions as docs/audit/timing_p1.md: speech 120 words a minute, read-aloud 110, slide change 25 s, a group question 10 s thinking plus 20 s answers, papers to the camera 30 s. Workbook: Start here has 6 questions; a middle child needs about 11.5 min for page 1 and 6.5 min for page 2 (a slower child about 1.7 times as long, so may finish page 1 and part of page 2; that is fine, the check-together slides cover every answer). The lesson has no breakout rooms, so no breakout time is counted.
