Kit page: calendar and day cards

The month page is not cut: keep it flat. A grown-up cuts out the 7 day cards before the lesson. The month is made up: it starts on a Wednesday and has 31 days. Keep the cards in an envelope.

Print this page on its own sheet, or on one side only, so cutting never spoils another page. A grown-up cuts; children do not use scissors. Keep the pieces in an envelope with your name. We use them again.

Month page: keep it flat. Day cards: a grown-up cuts out all 7.
