

LEVEL 1 • TERM 1 • LESSON 10 • FOR PARENTS

10 Story Steps: Read It Twice

WHAT WE DID

We read stories twice and wrote one number sentence for each step. Your child acted stories out with counters, used 'more than' and 'fewer than', and counted everyone in a group. The end-of-term check is private and optional. Term 1 goes beyond the school Primary 1 syllabus on purpose, always with counters and small steps, so some questions may be new to your child.

> **One step at a time. Read it twice, then write one number sentence for each step.**

TRY AT HOME (5 MINUTES)

1. Act it out: tell a story with two steps (I have 12, I win 5, then I give 3 away). Your child does each step with buttons.
2. Read it twice: first ask 'what happens?' Then ask 'which numbers, and what is the question?' Try: 6 children in front of Mei and 4 behind. How many in the line?
3. Make it up: your child makes up a two-step story for you. Solve it together, one step at a time.

When your child is stuck

Let your child use counters or draw the story, and wait 10 seconds before helping. Skipping a hard question is fine. If your child ticked I am still stuck on the look-back page, photograph that page and send it to the business WhatsApp, +65 9880 5962.

Words we used

- step: one thing that happens
- read it twice: story, then numbers
- more than, fewer than: compare
- number sentence: 26 + 10 = 36

Good questions

- What happens first? What happens next?
- Do we add or take away? How do you know?
- Did we count everyone?

Have ready for next lesson

- About 10 counters (buttons, coins or pasta), a pencil and paper
- Your tutor will tell you the Term 2 start date

Next lesson

Term 2 starts with Term 2 • Lesson 1: Who Is Where? If your child took the check, send one photo of each page to the business WhatsApp the same day, as in the grown-up note. We keep photos for 90 days after the program ends, then delete them. The recording has the tutor, the shared screen and any voice that is not muted; your child may mute and keep the camera off. The recording link is private to your family: please do not share it. Missed a lesson? Every lesson is recorded; your tutor will share a private link with enrolled families.
