Kit page: shapes to fold

A grown-up cuts out all 10 shapes before the lesson: 4 circles, 4 squares and 2 long rectangles with 3 faint lines. Children only fold. No printer or no cutting? A grown-up cuts 4 circles (trace round a cup), 4 squares and 2 long strips from plain paper. Keep the shapes in an envelope.

Print this page on its own sheet, or on one side only, so cutting never spoils another page. A grown-up cuts; children do not use scissors. Keep the pieces in an envelope with your name. We use them again.

Shapes to fold: a grown-up cuts them out. Children only fold.
