Graph Detectives: practice at home

Name _____ Date _____

About 15 minutes, a few days after the lesson. Draw it. Read the key first. A grown-up may read the questions aloud. Wrong answers are fine: they show what to try next. The answers are on a separate sheet, so they never print on the back of this one.

No.1

Start here

In a graph, each picture stands for 1 stamp. Kumar's row has 8 pictures and Aisha's row has 5 pictures. How many stamps do they have altogether? They have _____ stamps.

No.2

Start here

In a graph, each picture stands for 1 pen. The blue row has 9 pictures. The red row has 4 fewer pictures than the blue row. How many pens are in the red row? There are _____ red pens.

No.3

Start here

A graph shows 12 books in all. The story row has 7 books and the maths row has 3 books. The rest are art books. How many art books? There are _____ art books.

No.4

Think harder

A graph shows 20 pets in all. There are 8 cats. There are 3 fewer dogs than cats. The rest are fish. How many fish? There are _____ fish.

No.5

Start here • Practice from earlier: Term 2 Lesson 8

Ali has 3 boxes with 4 pens in each box and 5 loose pens. He has ☐☐ pens in all.
