Something I did well: .....

The hardest part was ... ☐ knowing if it is a jump or a hop ☐ taking away tens ☐ jump, then hop ☐ the number line ☐ something else

What helped me: ☐ the bars and squares ☐ drawing the jumps ☐ trying again ☐ I asked for help ☐ I was not stuck

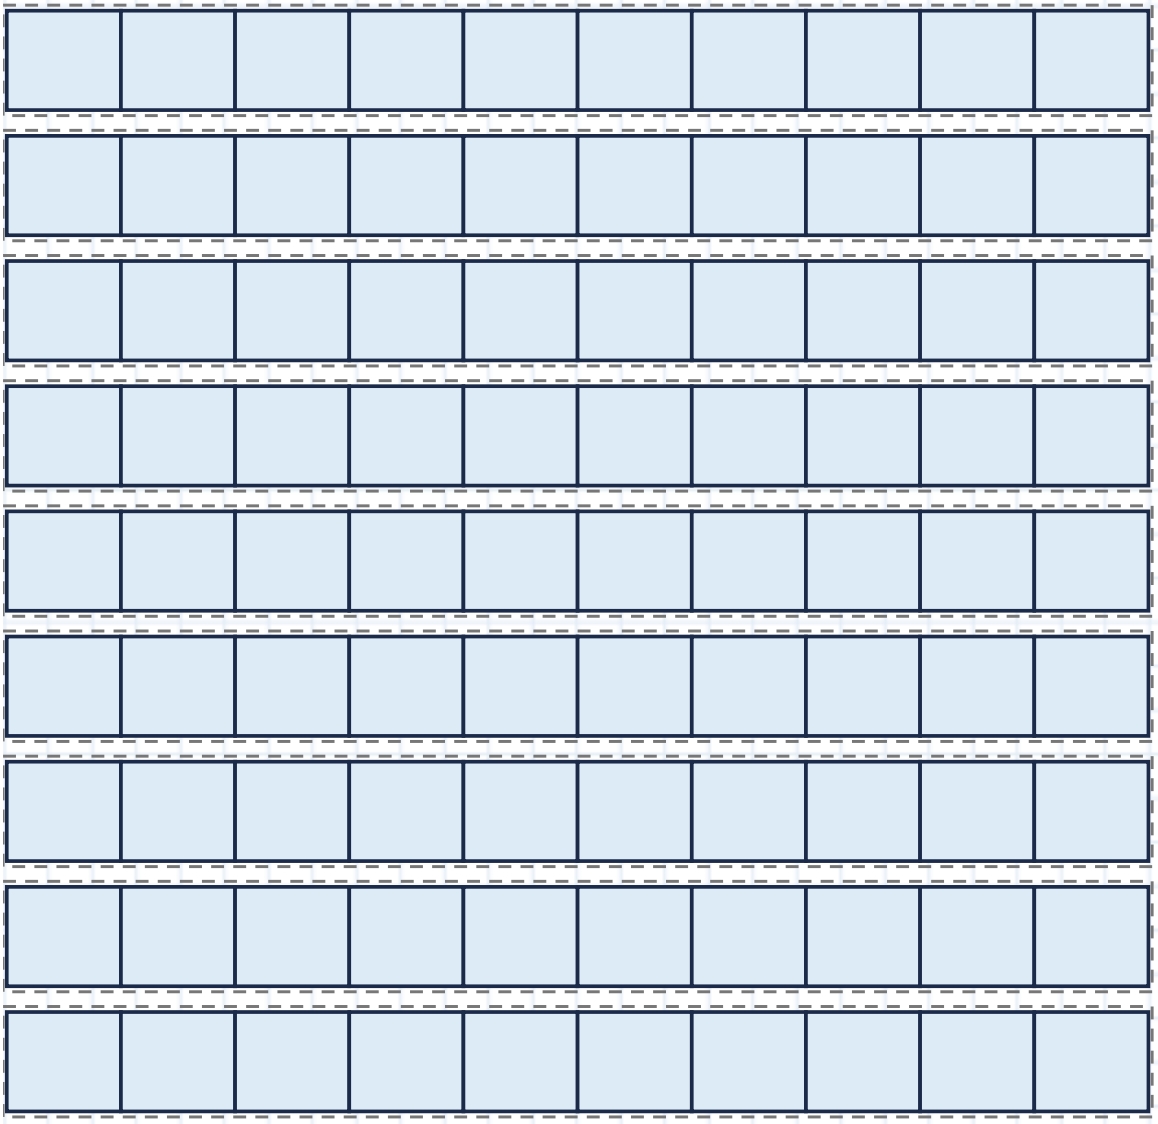

Next time I will try: ☐ drawing it ☐ using objects ☐ checking my answer ☐ asking a question ☐ I am still stuck (my tutor will come and help) ☐ I would like to pass

Kit page: tens bars and ones squares

A grown-up cuts these out before the lesson. A bar is a ten. A square is a one. These are the same as Lesson 1, so keep them in an envelope.

Tens bars: cut out all 9 (each bar is one ten)

Ones squares: cut out all 20 (each square is one one)
