

LEVEL 1 • TERM 3 • LESSON 5 • FOR PARENTS

5 Price Tags: Compare and Choose

WHAT WE DID

We compared price tags. Your child found which costs more, counted up to find how much more, added two prices and found the change. Comparing prices, the total and the change within $20 are Primary 1 work. Finding two prices from their total and how much more one costs (The Hidden Price), and three prices from clues, go past the school Primary 1 syllabus on purpose.

> **To find how much more, count up from the smaller price. The gap is how much more.**

TRY AT HOME (5 MINUTES)

1. Look at two prices in a shop or a leaflet. Ask: which costs more, and how much more? Count up together.
2. Pick two items and ask: how much altogether? Then: if we pay with $20, how much change?
3. Say you have $12 and an item costs $18. Ask how much more money you need.

When your child is stuck

Let your child count up on fingers or on a number line and wait 10 seconds before helping. Asking 'Is the question altogether, or how much more?' works better than giving the answer. Please do not teach 'always take away'; counting up from the smaller price is the method. If the look-back page says 'I am still stuck', photograph it and send it to our business WhatsApp (+65 9880 5962). Photos are kept 90 days after the program ends.

Words we used

- costs more: has the bigger price (the dearer one)
- how much more: the gap between two prices; count up from the smaller price
- altogether: add the prices
- change: the money the cashier gives back
- exactly: no more and no less

Good questions

- Which costs more? How do you know?
- How did you count up to find how much more?
- Is the question a total or a gap? Which word tells you?

Have ready for next lesson

- Your price tags and your play money, kept in their envelope (nothing new to cut)
- Your next workbook, for the next five lessons of Term 3, is in the house
- Pencil, rubber and paper

Next lesson

Next lesson: The School Shop. Online practice: your tutor will share the link. Missed a lesson? Every lesson is recorded; your tutor will share a private link with enrolled families.
