Look-back There are no right answers. You can pass. Nobody reads it out.

Something I did well:

The hardest part was ... ☐ knowing which digit is the tens ☐ making bundles of ten ☐ the zero in 40 or 70 ☐ opening a bundle (Think harder) ☐ something else

What helped me: ☐ bundles or objects ☐ drawing it ☐ trying again ☐ I asked for help ☐ I was not stuck

Next time I will try: ☐ drawing it ☐ using objects ☐ checking my answer ☐ asking a question ☐ I am still stuck (my tutor will come and help) ☐ I would like to pass

Kit page: tens bars and ones squares

A grown-up cuts these out before the lesson. A bar is a ten. A square is a one. Keep them in an envelope.

Tens bars: cut out all 9 (each bar is one ten)

Ones squares: cut out all 20 (each square is one one)
