LESSON 1 • TERM 1 • LEVEL 1

Bundles and Singles

Whole numbers: tens and ones

TODAY WE WILL

Make bundles of ten, and use them to read and write numbers.

0–4 MIN

Our lesson today

First	What we do
Remember	Count in tens and show ten with fingers
Sneak-peek	Two puzzles. A guess is fine.
Explore	Bundle real things
Learn	Read and write numbers
Move	Jump and hop
Workbook	Start here, then you choose
Talk	Explain your idea
Exit and look-back	What did I learn?

0–4 MIN

Four inquirer rules

1. Notice it. Look closely.
2. Test it. Try it with real things.
3. Explain why. Say how you know.
4. Mistakes help us. A guess is fine. You can pass.

RECORDING

We record the tutor and the screen only. You may keep your camera off.

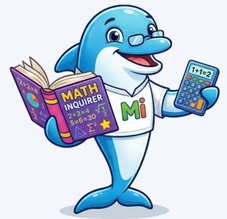

4–10 MIN

Warm-up: count in tens

Clap on every number

10	20	**30**	40	**50**	60	**70**	80	**90**	100

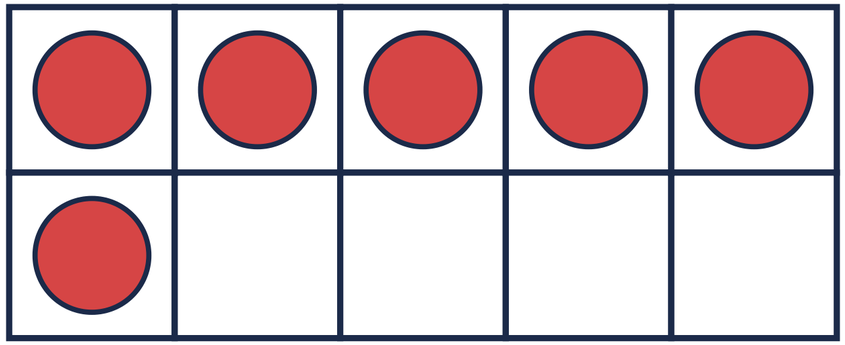

Now count back from 100. Whisper, and shout on 50!

Clap along with me!

Fingers to ten

4–10 MIN

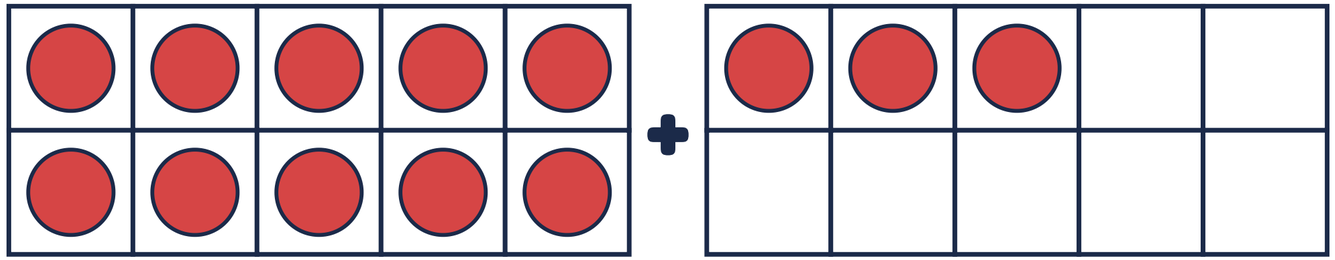

I show 6. How many more fingers make 10?

6 3 **8** 5 **9**

Ten and some more

4–10 MIN

10 and 3 more is ___

10 + 6 | **20 + 4** | **30 + 7**

Sneak-peek puzzles

10–14 MIN

Ideas we have not learnt yet. A guess is a great start. Nobody is marked.

PUZZLE 1: anyone can try

Count the stars. Write how many.

You may draw rings round groups.

PUZZLE 2: think

Mei has 3 bundles of ten sticks and 4 single sticks.

Ben has 34 sticks.

Could they have the same number? Write yes or no, and why.

14–28 MIN

Explore: grab and bundle

1. Grab a handful of small things. Not the whole pile.
2. Make bundles of ten: a band, a cup, or a ring on paper.
3. Count the bundles. Count the singles left over.
4. Say: I have ___ tens and ___ ones.

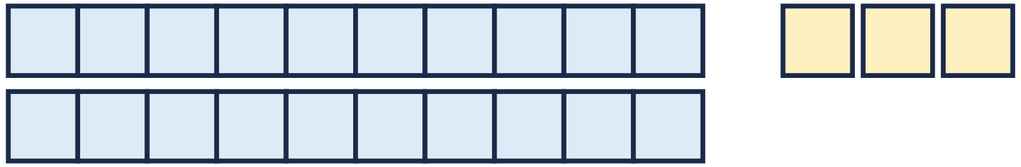

WHAT IF?

What if you open a bundle? Can you show your number a different way?

14–28 MIN

Show me!

Build each number with your tens bars and ones squares. Hold it up to the camera when I count to three.

a bar is a ten, a square is a one

17 **30** **42** **58**

14–28 MIN

What did we notice?

- How many singles can be left over?
- Could you have ten singles left over? Why not?
- Is it quicker to count 40 singles, or 4 tens?

28–38 MIN

Ten singles make a bundle

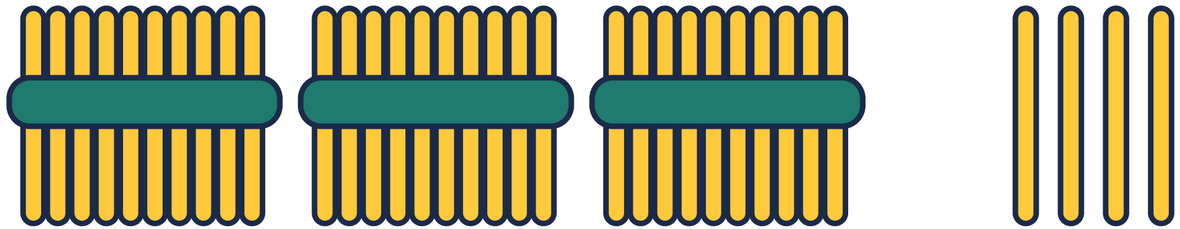

10 singles

1 bundle of ten

10 singles = 1 bundle of ten

Reading 34

28–38 MIN

Tens	Ones
3	4

3 tens and 4 ones

30 and 4 more is 34. The left digit counts the tens. The right digit counts the ones.

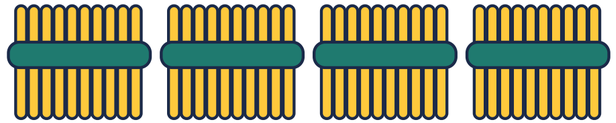

Your turn: write the number

28–38 MIN

Write on your paper. Timer: 1 minute

___

___

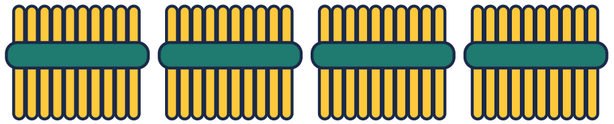

___

28–38 MIN

Check: write the number

27

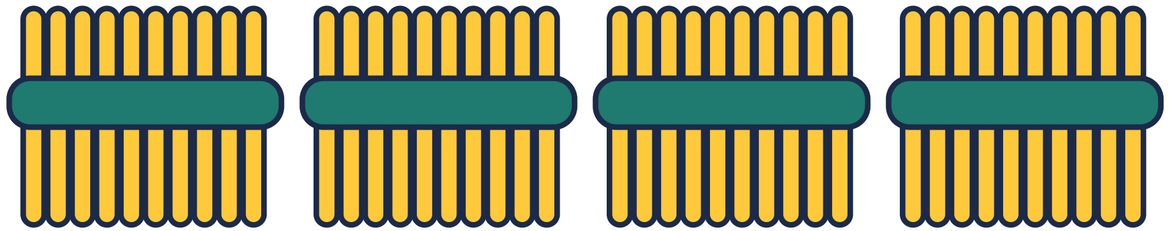

40

19

28–38 MIN

The zero holds the place

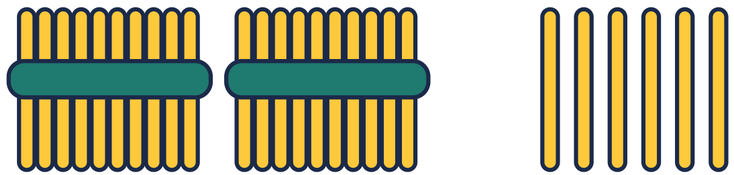

Tens	Ones
4	0

4 tens and 0 ones

No singles, so the ones box has a 0. Without the 0, 4 would look like 4 ones.

Same digits, different number

28–38 MIN

26

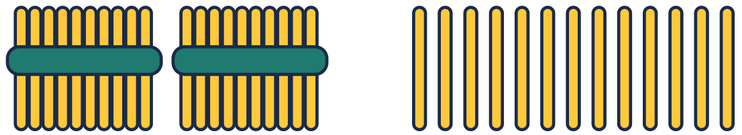

62

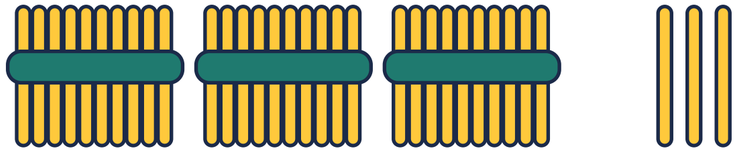

Which has more sticks? How do you know?

28–38 MIN

Ten singles can tie up

2 tens and 13 ones

3 tens and 3 ones

13 ones = 1 ten and 3 ones

28–38 MIN

Count: tens, then ones

10 20 30 31 32 33 34

Say it together

38–42 MIN

Jump the tens, hop the ones

A big jump for every ten. A small hop for every one.

12 25 40 31

34 is 3 big jumps and 4 small hops. Sip some water.

42–70 MIN

Workbook page 1: Start here

Questions 1 to 3. Timer: 8 minutes

S1 Count the sticks.

S2 Draw 3 bundles of ten and 5 single sticks in the box. Then write the number.

S3 Write the number.

Check page 1

42–70 MIN

S1	2 bundles, 6 singles, 26 sticks
S2	35 (3 bundles drawn, each with ten sticks, and 5 singles)
S3	42, 70, 19, 85

42–70 MIN

Workbook page 2: Start here

Questions 4 to 7. Timer: 9 minutes

S4 Fill in the tens and ones.

S5 Ali has 47 straws. He ties them into bundles of ten. Fill in the blanks.

S6 Siti has 3 bundles of ten and 4 single sticks. She writes 43. That is not right. Write the correct number.

S7 Ali has 6 bundles of ten and 0 single sticks. Mei has 0 bundles and 6 single sticks. Draw Ali's sticks and Mei's sticks in the box. Then write each number.

42–70 MIN

Check page 2

S4	5 tens 8 ones; 4 tens 0 ones; 7 tens 1 one
S5	4 bundles, 7 left over
S6	No. 34. She wrote the tens and ones digits the wrong way round (43 is 4 tens and 3 ones).
S7	Ali 60, Mei 6. Ali has more (6 tens is 60; 6 singles is 6)

42–70 MIN

Choose your next page

Page	What it is
Think harder (page 3)	Our idea in a new setting
Go further (page 4)	Bigger puzzles
Investigation (page 5)	Always, sometimes or never?
Check	Finish and check your own work

Everyone may choose. You can swap at any time.

Talk and explain

70–76 MIN

MEI SAYS

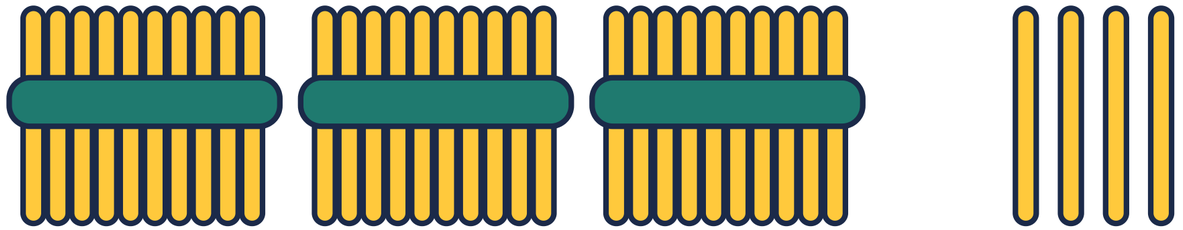

26 and 62 are the same, because they use the same digits.

Do you agree? Use bundles to explain.

I think ... because ...

70–76 MIN

Back to the sneak-peek

Tens	Ones
3	4

3 tens and 4 ones is 34

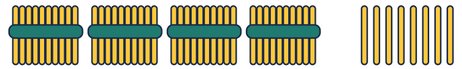

Yes! Mei and Ben can have the same number: 34.

Exit ticket

76–82 MIN

On your own. No looking back. Timer: 3 minutes

E1 How many sticks?

E2 Fill in the tens and ones.

E3 Write the number: 7 tens and 0 ones.

Check the exit ticket

76–82 MIN

E1	48
E2	3 tens and 7 ones
E3	70. The 0 shows there are no ones, and it keeps the 7 in the tens place (without it, it would look like 7 ones).

Look-back

82–85 MIN

Three minutes. There are no right answers. You can pass. Nobody reads it out.

Something I did well	write or draw one thing
The hardest part was …	☐ knowing which digit is the tens ☐ making bundles of ten ☐ the zero in 40 or 70 ☐ opening a bundle (Think harder) ☐ something else
What helped me	☐ bundles or objects ☐ drawing it ☐ trying again ☐ I asked for help ☐ I was not stuck
Next time I will try	☐ drawing it ☐ using objects ☐ checking my answer ☐ asking a question
	☐ I am still stuck (my tutor will come and help) ☐ I would like to pass

Take your time. You can pass.

85–90 MIN

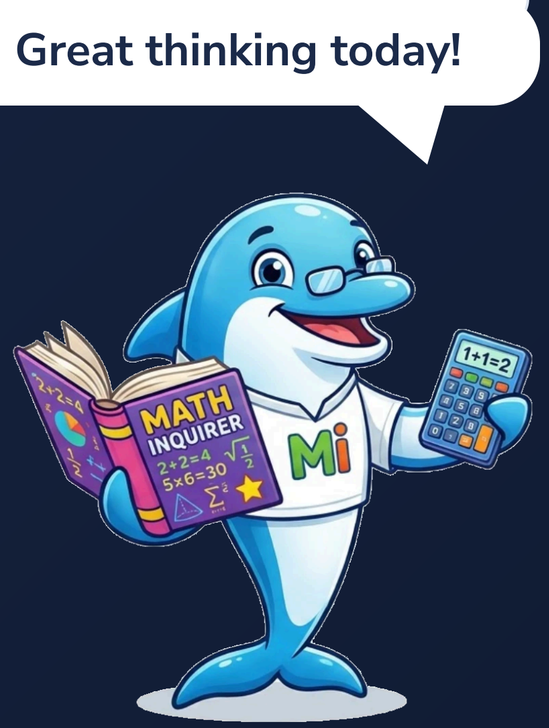

Well done, inquirers!

Show a grown-up one thing you found out today.

NEXT LESSON

Number Words and the Number Line

You need a pencil and paper.

OPTIONAL

Go further: what if?

What is the biggest number you can make with 9 bundles and 9 singles?

What happens if you add one more single?

OPTIONAL

If we have time: pick one

Activity	What we do
Is it always true?	Add one more single. Does the ones digit always go up by one?
Make a puzzle	Write a mystery number puzzle for your grown-up
Teach it back	Show how to read 52 with bundles and singles

Optional. Everyone may join.
