Copy on the Grid: practice at home

Name _____ Date _____

About 15 minutes, a few days after the lesson. Use your grid page and a button, or draw dots on paper. Small pieces stay on the table, away from little brothers and sisters. A grown-up may read the questions aloud. Wrong answers are fine: they show what to try next. The answers are on a separate sheet, so they never print on the back of this one.

No.1

Start here

Ben's counter moves 4 right and 1 up. Then it moves 2 right and 3 up. In all it moves _____ right and _____ up.

No.2

Start here

A row has 8 dots. How many steps is it from the first dot to the last dot? It is _____ steps.

No.3

Start here

A line goes from the 1st dot to the 5th dot in a row. Is it 5 steps long? Circle Yes or No. It is _____ steps long.

Yes No

No.4

Think harder

A grid is 1 step across and 4 steps up. A counter goes from the bottom left to the top right. It moves only right or up. How many different routes are there? There are _____ routes.

No.5

Start here • Practice from earlier: Term 2 Lesson 3

Mei has 7 red marbles and 7 blue marbles. How many marbles does she have altogether? She has _____ marbles.
