S1-18 (P2-15)

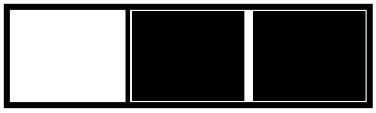

Parts of a Whole

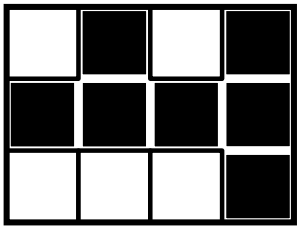

★ Name _____

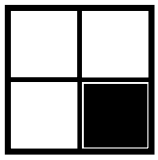

Topic: Fractions: parts of a whole, shaded parts

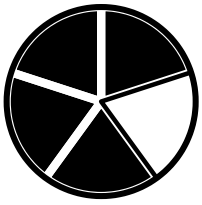

Each shape has equal parts.
Write the shaded part as a fraction.
Use the code table.

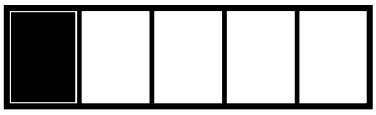

1  = ☐/☐

2  = ☐/☐

3  = ☐/☐

4  = ☐/☐

5  = ☐/☐

6  = ☐/☐

Code table

$\frac{1}{3}$ = K	$\frac{1}{4}$ = Z	$\frac{1}{5}$ = N	$\frac{1}{11}$ = X	$\frac{1}{12}$ = F
$\frac{2}{3}$ = R	$\frac{2}{4}$ = C	$\frac{2}{12}$ = Q	$\frac{4}{5}$ = E	$\frac{7}{12}$ = O

Check it. Write the letters in order. Do they spell a word? ☐☐☐☐☐☐

S2-01 (P2-06)

Dollars and Cents

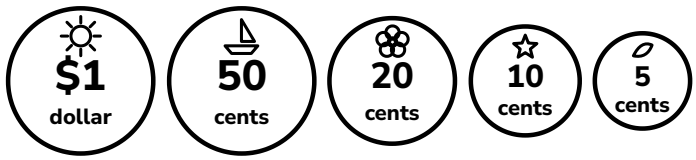

Name _____

Topic: Money: counting coins and notes, decimal notation

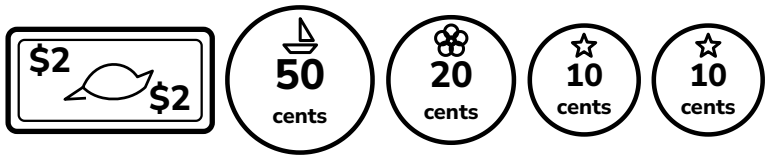

Count the money in each row.
Write the total, like $3.45.
Use the code table.

1. 

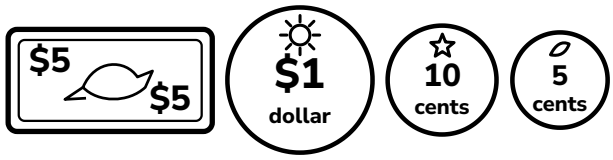

$ ____

2. 

$ ____

3. 

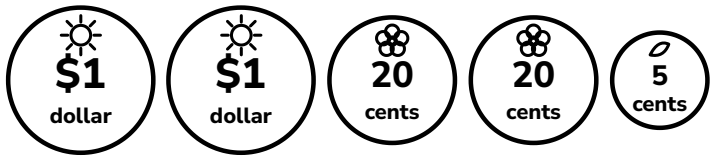

$ ____

4. 

$ ____

5. 

$ ____

6. 

$ ____

Code table

$1.45 = C	$1.85 = A	$2.45 = R	$2.60 = X	$2.65 = S
$2.90 = I	$2.95 = Q	$6.10 = V	$6.15 = L	$10.25 = O

Check it. Write the letters in order. Do they spell a word? ☐☐☐☐☐☐

S2-04 (P2-24)

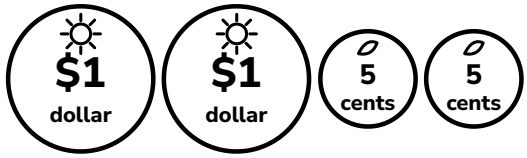

Purse Match

★★ Name _____

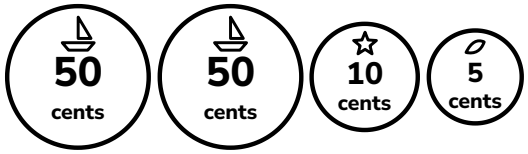

Topic: Money: counting coins and notes, matching amounts

Count the money in each purse.
Match each amount to its purse.
Write the letter of the purse.

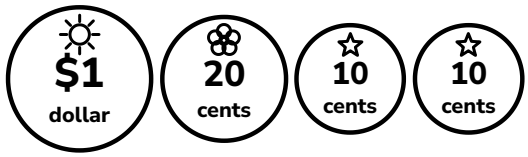

S

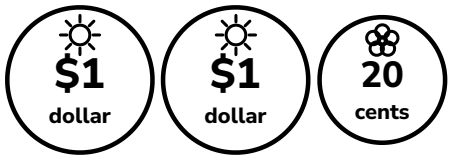

P

C

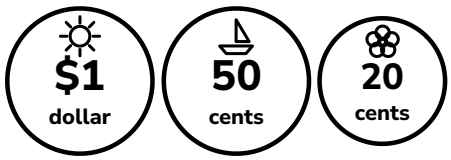

U

A

M

Which purse holds each amount? Write its letter.

1 **$1.40** ☐	2 **$3.00** ☐	3 **$1.70** ☐
4 **$1.15** ☐	5 **$2.20** ☐	6 **$2.10** ☐

Check it. Write the letters in order. Do they spell a word? ☐☐☐☐☐☐

© 2026 Preciouslyours Pte Ltd. Photocopy licence. School (write name): _____ only. Not for resale.

S1-17 (P2-39)

Colour the House

★★ Name _____

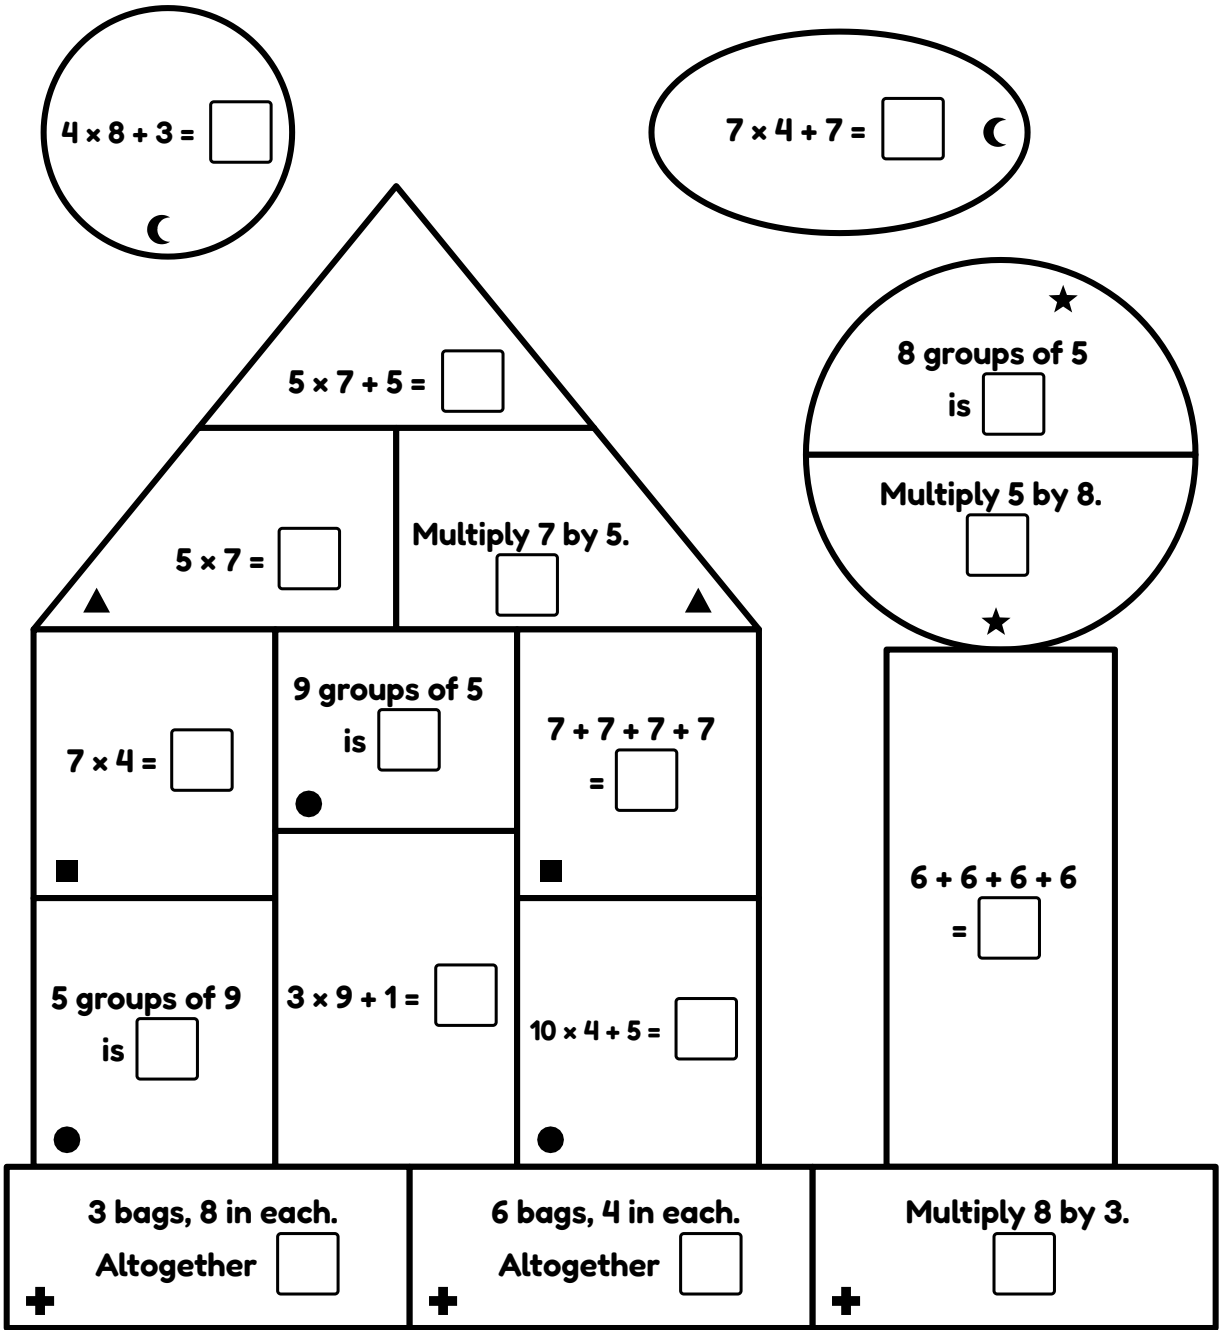

Topic: Multiplication: tables of 2, 3, 4, 5 and 10

Work out the answer in each part.

Find it in the key.

Colour the part. No crayon? Write Y, R, B, G or O.

24	28	35	40	45
yellow	red	blue	green	orange

Check it.

Count the parts of each colour. You should have: yellow 4, red 3, blue 4, green 3, orange 3.

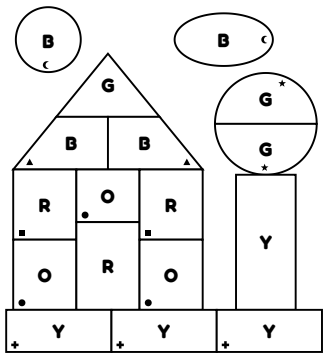

Parts with the same small mark have the same colour: ▲ ■ ★ ✚ ● ☾

© 2026 Preciouslyours Pte Ltd. Photocopy licence. School (write name): _____ only. Not for resale.

S1-17 (P2-39) Colour the House 2 stars

Topic: Multiplication: tables of 2, 3, 4, 5 and 10

Syllabus outcomes: Multiplication and Division 3.1, Multiplication and Division 3.2, Multiplication and Division 3.3, Multiplication and Division 3.4, Multiplication and Division 3.5. Notes on the tag: 3.1, 3.2, 3.3, 3.4, 3.5 (tables of 2, 3, 4, 5, 10; ÷; relationship between multiplication and division)
Puzzle type: Colour by code (pupils colour with their own crayons). How the pupil checks: Colour key and tally: every answer must be on the key, the number of parts of each colour must match the box, and parts with the same small mark match.
Answers: Colour key: 24 = yellow, 28 = red, 35 = blue, 40 = green, 45 = orange
Check result: Tally: yellow 4, red 3, blue 4, green 3, orange 3; parts with the same small mark match.

Teacher note: Every part asks a multiplication or division fact from the tables of 2, 3, 4, 5 and 10; some parts use the sign ÷, a missing number or a story. Pupils colour the black-and-white outline with their own crayons (or, for a pencil-only copy, write Y, R, B, G or O in each part: the tally and the matching parts can be checked the same way). Check strip: count the parts of each colour (the tally is printed); parts with the same small mark match.

S1-18 (P2-15) Parts of a Whole 1 star

Topic: Fractions: parts of a whole, shaded parts

Syllabus outcomes: Fractions 1.1, Fractions 1.2. Notes on the tag: 1.1, 1.2 (fraction as part of a whole; notation and representations of fractions)
Puzzle type: Code-breaker (fractions). How the pupil checks: Code word (6 letters).
Answers: 1) 1/12; 2) 2/3; 3) 7/12; 4) 1/4; 5) 4/5; 6) 1/5
Check result: Code word: FROZEN
Teacher note: Six figures (bars, circles and grids) cut into equal parts, with some parts shaded black. The pupil writes the shaded part as a fraction (top box: shaded parts, bottom box: all the equal parts). No fraction is one that can be written in simpler parts (no 2/4 or 3/6): equivalent fractions are Primary 3. The decoy letters stand for reading the unshaded parts, or counting one part too many. A box left blank gives no letter and the check cannot see it.

S1-19 (P2-21) Fraction Order 2 stars

Topic: Fractions: comparing and ordering like fractions and unit fractions

Syllabus outcomes: Fractions 1.2, Fractions 1.3. Notes on the tag: 1.2, 1.3 (notation of fractions; comparing and ordering unit fractions and like fractions)
Puzzle type: Ordering (lettered cards). How the pupil checks: Letters of the cards in the order asked spell a word (6 letters).
Answers: Set A (smallest first): B = 3/9, O = 5/9, T = 8/9; Set B (greatest first): A = 1/2, N = 1/5, Y = 1/6
Check result: Word: BOTANY
Teacher note: Set A has three like fractions (same denominator): the larger the top number, the greater the fraction. Set B has three unit fractions (tops all 1): the larger the bottom number, the smaller the fraction, so greatest first means the smallest bottom number first. The letters, read in the order asked, spell a word with exactly one arrangement that is a word, so no wrong order of the six cards spells a word (every wrong order was tested against a very large word list). A box left blank gives no letter and the check cannot see it.

S2-10 (P1-15)

Coin Purses

★ Name _____

Topic: Money: counting coins in cents (up to $1)

Add the coins in each purse.
Write the total in cents.
Use the code table.

1 

_____ ¢

2 

_____ ¢

3 

_____ ¢

4 

_____ ¢

5 

_____ ¢

Code table

15 = Z	25 = N	40 = A	45 = Q	60 = I	75 = C
80 = P	85 = X	95 = O	100 = W		

Check it. Write the letters in order. Do they spell a word? ☐☐☐☐☐

© 2026 Preciouslyours Pte Ltd. Photocopy licence. School (write name): _____ only. Not for resale.

S2-11 (P1-28)

Fewest Coins

Name _____

Topic: Money: counting coins in cents; fewest coins and ways to pay

Look at the coins.
Write how many.
Use the code table.

Coins: 

1. Pay 70¢ with the fewest coins. How many coins? ☐

2. Pay 35¢ with the fewest coins. How many coins? ☐

3. How many 5¢ coins make 45¢? 

☐

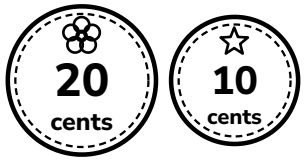

4. How many 10¢ coins make 40¢? 

☐

5. Tick each purse that holds exactly 30¢. How many ticks? ☐

☐

☐

☐

☐

Code table

1 = P	2 = S	3 = T	4 = M	5 = Y	9 = A	10 = X	12 = J

Check it. Write the letters in order. Do they spell a word? ☐☐☐☐☐

© 2026 Preciouslyours Pte Ltd. Photocopy licence. School (write name): _____ only. Not for resale.

S1-04 (P1-12)

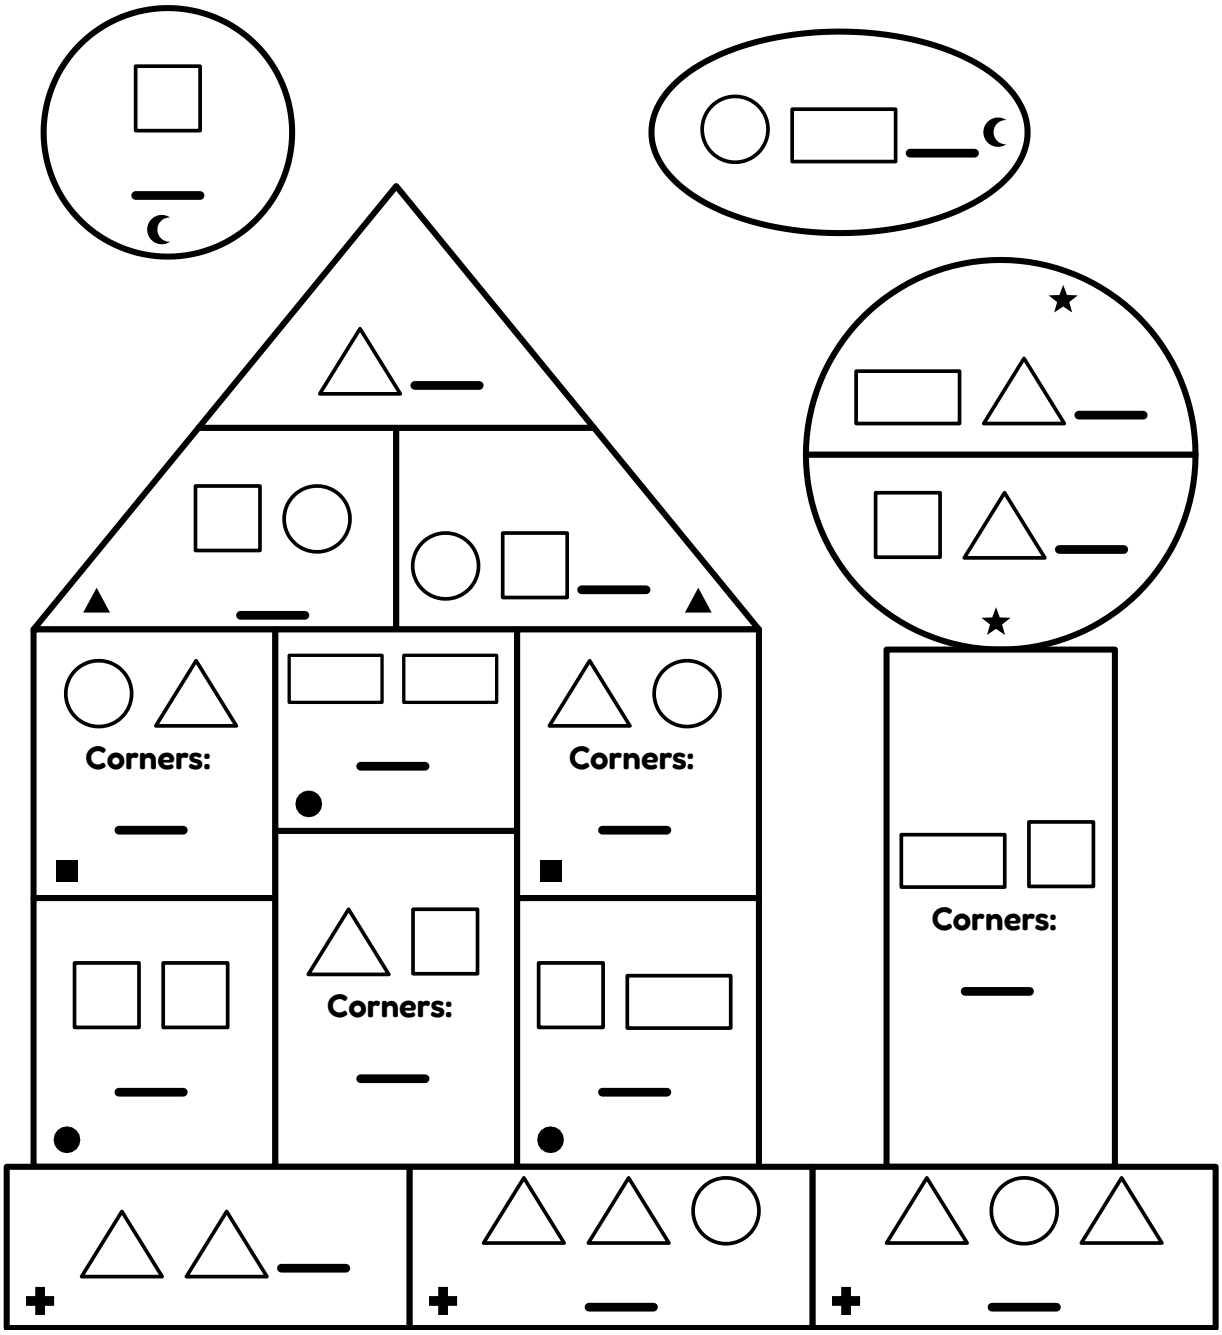

Colour the House

Name _____

Topic: Shapes: corners

Count the corners. Write it on the thick line.
Find the number in the key.
Colour the part. No crayon? Write Y, R, B, G or O.

3	4	6	7	8
yellow	red	blue	green	orange

Check it.
Count the parts of each colour. You should have: yellow 3, red 4, blue 3, green 3, orange 4.

Parts with the same small mark have the same colour:

© 2026 Preciouslyours Pte Ltd. Photocopy licence. School (write name): _____ only. Not for resale.

S1-17 (P1-34)

Finish the Figure

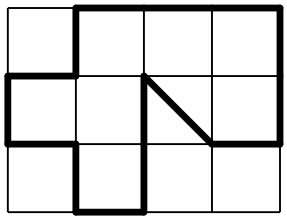

★★ Name _____

Topic: Copy figures on a square grid

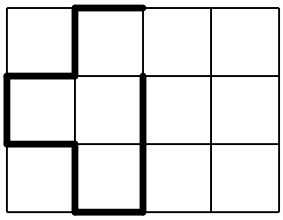

Copy the figure on the grid.
Finish the right half.
Find the matching right half.

1

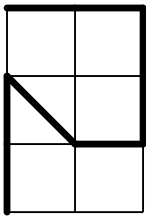

copy this

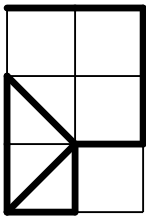

finish it here

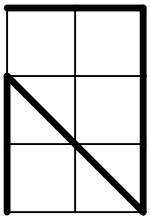

which right half matches?

F

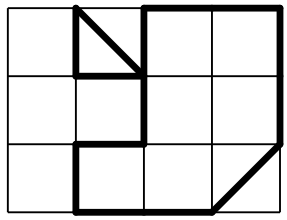

M

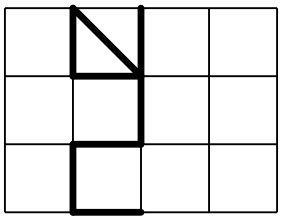

H

2

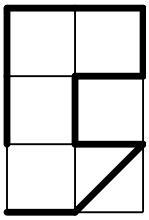

copy this

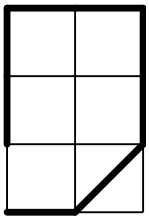

finish it here

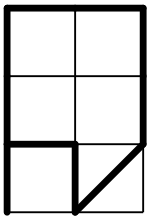

which right half matches?

V

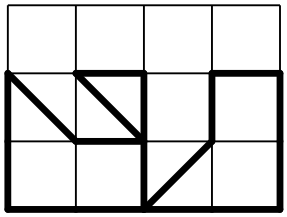

R

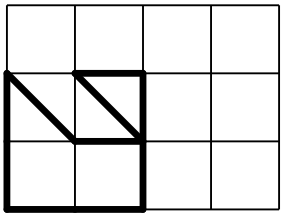

K

3

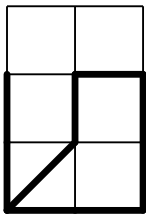

copy this

which right half matches?

G

X

Z

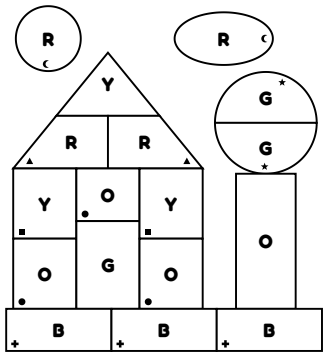

Check it. Write each matching letter. Do they spell a word?

© 2026 Preciouslyours Pte Ltd. Photocopy licence. School (write name): _____ only. Not for resale.

S1-04 (P1-12) Colour the House 1 star

Topic: Shapes: corners

Syllabus outcomes: 2D Shapes 1.1. Notes on the tag: Geometry 1.1 (identify, name, describe 2D shapes: triangle, square, rectangle, circle)
Puzzle type: Colour by code (pupils colour with their own crayons). How the pupil checks: Colour key and tally: every answer must be on the key, the number of parts of each colour must match the box, and parts with the same small mark match.
Answers: Colour key: 3 = yellow, 4 = red, 6 = blue, 7 = green, 8 = orange
Check result: Tally: yellow 3, red 4, blue 3, green 3, orange 4; parts with the same small mark match.

Teacher note: Shapes are triangle, square, rectangle and circle only. A circle has no corners. Pupils colour the black-and-white outline with their own crayons (or, for a pencil-only copy, write Y, R, B, G or O in each part: the tally and the matching parts can be checked the same way). Check strip: count the parts of each colour (the tally is printed); parts with the same small mark match.

S1-05 (P1-19) Shape Count 1 star

Topic: 2D shapes: rectangle, triangle, circle, half circle, quarter circle

Syllabus outcomes: 2D Shapes 1.1, 2D Shapes 1.3. Notes on the tag: Geometry 1.1, 1.3 (name 2D shapes; identify the shapes in a figure)
Puzzle type: Count + code-breaker. How the pupil checks: The five counts add to 15, and a code word (5 letters).
Answers: rectangles: 2, triangles: 4, circles: 5, half circles: 3, quarter circles: 1 (total 15)
Check result: Total 15; code word: BUILD
Teacher note: The picture has no squares so there is no 'is a square a rectangle?' question. Shapes are turned in different directions on purpose. The five counts are all different (1 to 5) so each count gives one letter.

S1-06 (P1-07) The Queue 2 stars

Topic: Ordinal numbers: 1st to 5th, next to

Syllabus outcomes: Whole Numbers 1.7. Notes on the tag: 1.7 (ordinal numbers first to tenth)
Puzzle type: Logic (queue). How the pupil checks: Shirt letters read from 1st to 5th spell a word (5 letters; one child is not in the queue).
Answers: 1st Jenny, 2nd Aisha, 3rd Ali, 4th Ravi, 5th Lily; Kumar is not in the queue (letter W is the decoy)
Check result: Word: ENJOY
Teacher note: Six children are shown but the queue has five places: a clue says who is not in the queue, and that child's shirt letter (W) is a decoy that is not part of the word. The top row is not in queue order. The five letters of the word have exactly one arrangement that is a word, so no wrong queue spells a word: every wrong queue of five of the six children was tested against a very large word list. Clues on this page: ordinal numbers (3rd, 5th), next to. Two or more clues compare two children, so the pupil must combine them. Syllabus ordinals go to 10th; this page uses 1st to 5th.

© 2026 Preciouslyours Pte Ltd. Teacher answer key: not for pupils, not for resale.
