MATH INQUIRERS HOLIDAY PROGRAM

Weekly Email Pack

Ready-to-send emails for parents and tutors, week by week

Notice it. Test it. Explain why.

Notice it. Test it. Explain why.

How to use this pack

- Send the parent email and the Week N Student Pages PDF the day before the first lesson of that week.
- Send the tutor email with the Week N Tutor Scripts and Answers PDF at least two days before. Tutors only; the answers must not go to parents.
- Put parents in BCC so no one sees another family's email address. Get parents' consent to email before you start (PDPA).
- Replace the words in [square brackets] before sending.
- The PDFs are in the weekly folder: Week1_Student_Pages.pdf to Week5_Student_Pages.pdf and Week1_Tutor_Scripts_and_Answers.pdf to Week5_Tutor_Scripts_and_Answers.pdf.
- The slide deck links in the tutor emails are private to you. Share each deck with the tutor first, or send them the file.

Week 1: Lessons 1 and 2

Parent email

Subject: Math Inquirers Week 1: Number Patterns and Number Bonds

Attachment: Week1_Student_Pages.pdf

Dear parents,

This week our Math Inquirers explore number patterns and number bonds in lessons 1 and 2.

Your child's workbook pages for this week are attached. Please print them single-sided if you can. Children will work on the pages in class, so there is no need to finish them in advance.

Cut-out kit pages (ten-frames, counters, number strips) are at the end of the week 1 PDF. Please cut them out and keep them in one envelope; we use them every week.

One thing to try at home (5 minutes, no pencil needed): ask your child: 'Pick a number from 1 to 10. How many ways can you split it into two parts? How do you know you found them all?'

We are not looking for speed. We are looking for a child who can say what they noticed, test it, and explain why. If your child is stuck, please ask "What do you notice?" before you give the answer.

Warm regards,
[Your name]

Tutor email

Subject: Math Inquirers Week 1 tutor pack: Lessons 1 and 2

Attachments: Week1_Tutor_Scripts_and_Answers.pdf, Week1_Student_Pages.pdf

Hi [tutor name],

Here is your pack for week 1: Count with the Frog; Number Bond Inquiry.

Attached are the minute-by-minute scripts with answers for both lessons, and the student pages. The slide decks are linked below.
Lesson 1 deck: https://claude.ai/artifact/3bJhBJ37ZoAfsuDo4LgWeH
Lesson 2 deck: https://claude.ai/artifact/1fsJ5Fj2abUf27LYUmuEqN

Before the lesson, please:
1. Read both scripts once and try the Challenge questions yourself.
2. Check you have counters, coins and cut-outs ready (see the materials list in the guide).
3. After each lesson, tick the Readiness Tracker for each child (four quick ticks) and send me the sheet.

Please do not forward the answer pages to parents.

Thank you,
[Your name]

Week 2: Lessons 3 and 4

Parent email

Subject: Math Inquirers Week 2: Picture Graphs and Repeating and Growing Patterns

Attachment: Week2_Student_Pages.pdf

Dear parents,

This week our Math Inquirers explore picture graphs and repeating and growing patterns in lessons 3 and 4.

Your child's workbook pages for this week are attached. Please print them single-sided if you can. Children will work on the pages in class, so there is no need to finish them in advance.

No new cut-outs this week. Please keep the week 1 envelope handy (counters are used again).

One thing to try at home (5 minutes, no pencil needed): ask your child: 'Make a pattern with spoons and forks. What will the 10th item be? How do you know without drawing it all?'

We are not looking for speed. We are looking for a child who can say what they noticed, test it, and explain why. If your child is stuck, please ask "What do you notice?" before you give the answer.

Warm regards,

Tutor email

Subject: Math Inquirers Week 2 tutor pack: Lessons 3 and 4

Attachments: Week2_Tutor_Scripts_and_Answers.pdf, Week2_Student_Pages.pdf

Hi [tutor name],

Here is your pack for week 2: Fruit Party Graphs; Pattern Inquiry.

Attached are the minute-by-minute scripts with answers for both lessons, and the student pages. The slide decks are linked below.
Lesson 3 deck: https://claude.ai/artifact/4BN9fWMEnxLFD1bPLiF8Yf
Lesson 4 deck: https://claude.ai/artifact/McjqWjXihwfoCzT9BNfr7W

Before the lesson, please:
1. Read both scripts once and try the Challenge questions yourself.
2. Check you have counters, coins and cut-outs ready (see the materials list in the guide).
3. After each lesson, tick the Readiness Tracker for each child (four quick ticks) and send me the sheet.

Please do not forward the answer pages to parents.

Thank you,
[Your name]

Week 3: Lessons 5 and 6

Parent email

Subject: Math Inquirers Week 3: Working Backwards and Money

Attachment: Week3_Student_Pages.pdf

Dear parents,

This week our Math Inquirers explore working backwards and money in lessons 5 and 6.

Your child's workbook pages for this week are attached. Please print them single-sided if you can. Children will work on the pages in class, so there is no need to finish them in advance.

The play coins are on the first page of the cut-outs in the week 3 PDF. Please cut them out and add them to the envelope.

One thing to try at home (5 minutes, no pencil needed): ask your child: 'I am thinking of a number. I add 5 and get 12. What is my number? How can you check it?' Then swap roles.

We are not looking for speed. We are looking for a child who can say what they noticed, test it, and explain why. If your child is stuck, please ask "What do you notice?" before you give the answer.

Warm regards,

Tutor email

Subject: Math Inquirers Week 3 tutor pack: Lessons 5 and 6

Attachments: Week3_Tutor_Scripts_and_Answers.pdf, Week3_Student_Pages.pdf

Hi [tutor name],

Here is your pack for week 3: Mystery Number; Coin Combos.

Attached are the minute-by-minute scripts with answers for both lessons, and the student pages. The slide decks are linked below.
Lesson 5 deck: https://claude.ai/artifact/HqYXBEwzKv13Ne8YX9BfZS
Lesson 6 deck: https://claude.ai/artifact/6epfeWSo1ECFc6Dp7Xetc5

Before the lesson, please:
1. Read both scripts once and try the Challenge questions yourself.
2. Check you have counters, coins and cut-outs ready (see the materials list in the guide).
3. After each lesson, tick the Readiness Tracker for each child (four quick ticks) and send me the sheet.

Please do not forward the answer pages to parents.

Thank you,
[Your name]

Week 4: Lessons 7 and 8

Parent email

Subject: Math Inquirers Week 4: 2D Shapes and Logic and Sorting

Attachment: Week4_Student_Pages.pdf

Dear parents,

This week our Math Inquirers explore 2d shapes and logic and sorting in lessons 7 and 8.

Your child's workbook pages for this week are attached. Please print them single-sided if you can. Children will work on the pages in class, so there is no need to finish them in advance.

The sorting tiles are in the week 1 kit pages. Please bring the envelope to class or keep it by your child for online lessons.

One thing to try at home (5 minutes, no pencil needed): ask your child: 'Find three things at home. Which one is the odd one out? There can be more than one right answer. Explain why.'

We are not looking for speed. We are looking for a child who can say what they noticed, test it, and explain why. If your child is stuck, please ask "What do you notice?" before you give the answer.

Warm regards,

Tutor email

Subject: Math Inquirers Week 4 tutor pack: Lessons 7 and 8

Attachments: Week4_Tutor_Scripts_and_Answers.pdf, Week4_Student_Pages.pdf

Hi [tutor name],

Here is your pack for week 4: Shape Safari; Logic and Sorting.

Attached are the minute-by-minute scripts with answers for both lessons, and the student pages. The slide decks are linked below.
Lesson 7 deck: https://claude.ai/artifact/RL9jDmrZwdbjVnL98L2tEp
Lesson 8 deck: https://claude.ai/artifact/UjMh35Wk2hZfT59b3W1TtV

Before the lesson, please:
1. Read both scripts once and try the Challenge questions yourself.
2. Check you have counters, coins and cut-outs ready (see the materials list in the guide).
3. After each lesson, tick the Readiness Tracker for each child (four quick ticks) and send me the sheet.

Please do not forward the answer pages to parents.

Thank you,
[Your name]

Week 5: Lessons 9 and 10

Parent email

Subject: Math Inquirers Week 5: Length and Challenge Day (mixed puzzles)

Attachment: Week5_Student_Pages.pdf

Dear parents,

This week our Math Inquirers explore length and challenge day (mixed puzzles) in lessons 9 and 10.

Your child's workbook pages for this week are attached. Please print them single-sided if you can. Children will work on the pages in class, so there is no need to finish them in advance.

The paper cube strips are on the cut-outs page (included again in the week 5 PDF). The Certificate of Completion is the last page.

One thing to try at home (5 minutes, no pencil needed): ask your child: 'Measure the table with your hand span, then with a pencil. Why are the two numbers different?'

We are not looking for speed. We are looking for a child who can say what they noticed, test it, and explain why. If your child is stuck, please ask "What do you notice?" before you give the answer.

Warm regards,

Week 5 closing email to parents

Subject: Math Inquirers: thank you, and your child's certificate

Dear parents,

Thank you for joining us for the Math Inquirers Holiday Program. Your child's Certificate of Completion is the last page of the Week 5 PDF. Please print it and add your child's name.

We would love your feedback in two minutes: [feedback form link]. What did your child enjoy most? What should we change?

If your child showed a love for puzzles, we may invite them to a short challenge session in the next holiday. We will contact you if so.

Warm regards,
[Your name]
