

LEVEL 1 • TERM 2 • LESSON 1 • FOR PARENTS

1 Who Is Where?

WHAT WE DID

We learned the names of places in a line: 1st, 2nd, 3rd up to 10th. Your child lined up real things, counted places from the front and from the back, and found who is where from clues. The big idea: a place has a name, and it depends on which end you start from. The Start here questions are school Primary 1 work; the Think harder questions, such as how many children are in a line when you know a place from both ends, go beyond it on purpose.

> **A place has a name. Start from the front or from the back.**

TRY AT HOME (5 MINUTES)

1. Line it up: put 6 toys in a row. Ask your child to put a coin on the 3rd toy, then on the 5th. Swap: your child calls, you place.
2. At the lift, bus stop or shop: Who is 1st? What place are we? How many people are in front of us?
3. Turn it around: after the toys are in a row, ask which toy is 2nd from the front. What place is it from the back?

When your child is stuck

Let your child touch each toy in order and say the places aloud. Wait 10 seconds before helping, and please do not hurry. If your child ticked I am still stuck on the look-back page, photograph that page and send it to the business WhatsApp, +65 9880 5962, after class. Photos are kept for 90 days after the program ends, then deleted.

Words we used

- 1st, 2nd, 3rd: place names that say which one
- front: the end of the line next to the door
- back: the far end of the line
- right behind: the very next place after
- between: in the middle of two places

Good questions

- How do you know?
- Which end are you counting from?
- How many are in front of you?
