# Five Minutes at a Time: home practice answers

Name _____ Date _____

For grown-ups. Please let your child try first, then check together. Ask *how do you know?* If your child is stuck, wait 10 seconds, then suggest drawing it.

**1. 20**
Count in 5s from the 12: 5, 10, 15, 20. The 4 is 20 minutes past the hour.

**2. 8:35**
The long hand on the 7 is 35 minutes. The short hand has passed the 8, so the time is 8:35.

**3. 3:05**
The minutes always have two digits: 5 minutes is 05, so 3:05.

**4. pm**
12:10 is just after noon, so it is pm.

**5. 48 and 50**
Count on: 47, 48, 49, 50.

More practice online (no timers, no scores): ask your tutor for the practice link.
