# Kit page: ten-frames and counters

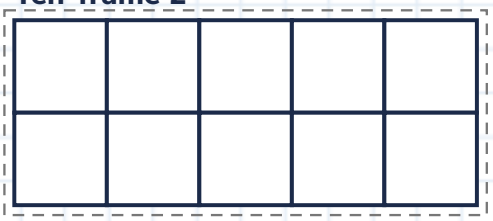

A grown-up cuts out the 20 counters (10 red, 10 yellow) before the lesson. Keep them in an envelope. The frames can stay on the page.

**Print this page on its own sheet, or on one side only, so cutting never spoils another page. A grown-up cuts; children do not use scissors. Keep the pieces in an envelope with your name. We use them again.**
