Something I did well:

The hardest part was ... ☐ finding my place on the square ☐ counting in 2s, 5s or 10s ☐ moving down a row ☐ the pattern where the gap grows (Think harder) ☐ something else

What helped me: ☐ the 100 square or counters ☐ drawing it ☐ trying again ☐ I asked for help ☐ I was not stuck

Next time I will try: ☐ drawing it ☐ using counters ☐ checking my answer ☐ asking a question

☐ I am still stuck (my tutor will come and help) ☐ I would like to pass
