LESSON 2 • TERM 1 • LEVEL 1

Number Words and the Number Line

Whole numbers: where each number lives

TODAY WE WILL

Find numbers on a number line, and read their names.

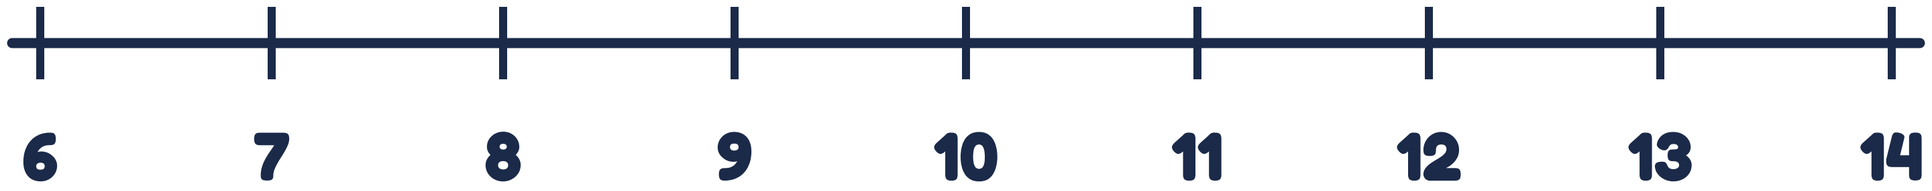

Hi, I'm Mi. Let's notice, test and explain why!

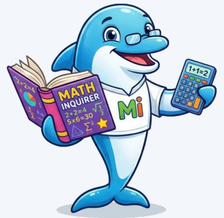

Warm-up: count along the line

3–9 MIN

Say each number as I point

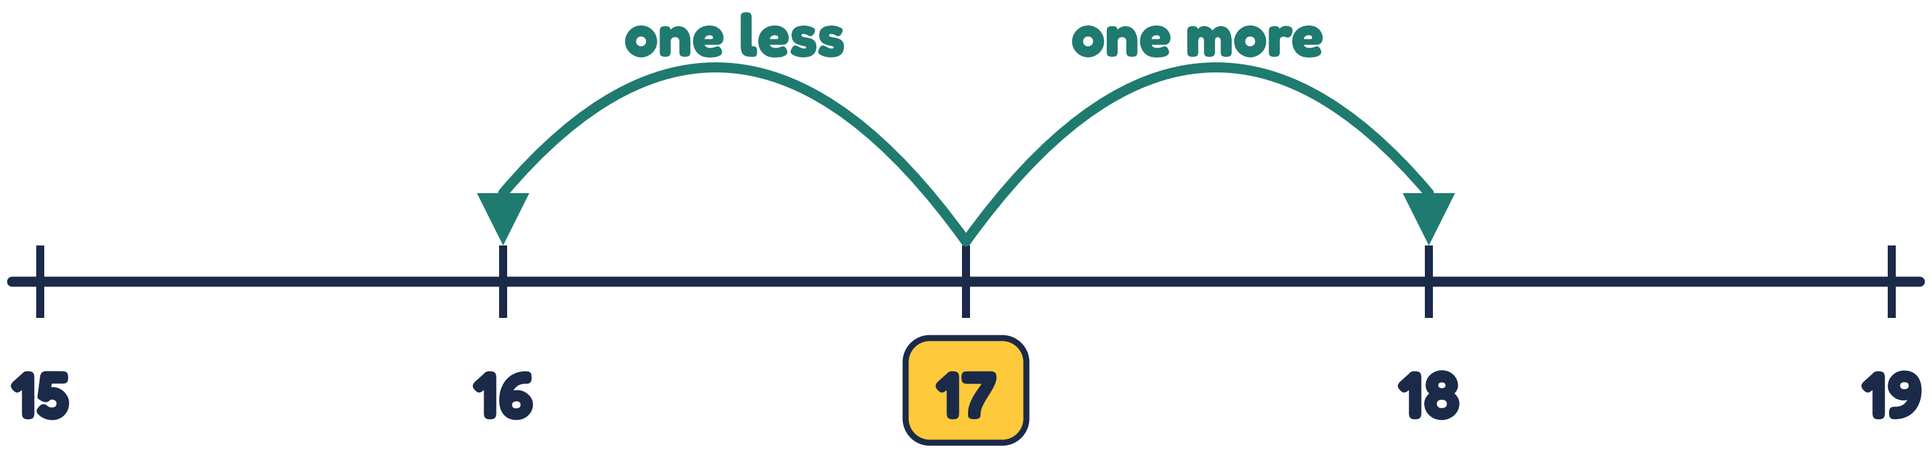

Count on from 6 to 14. Then count back down.

Count along with me!

One more, one less

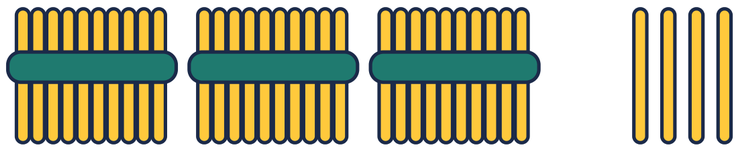

3–9 MIN

Right of 17 is one more. Left of 17 is one less.

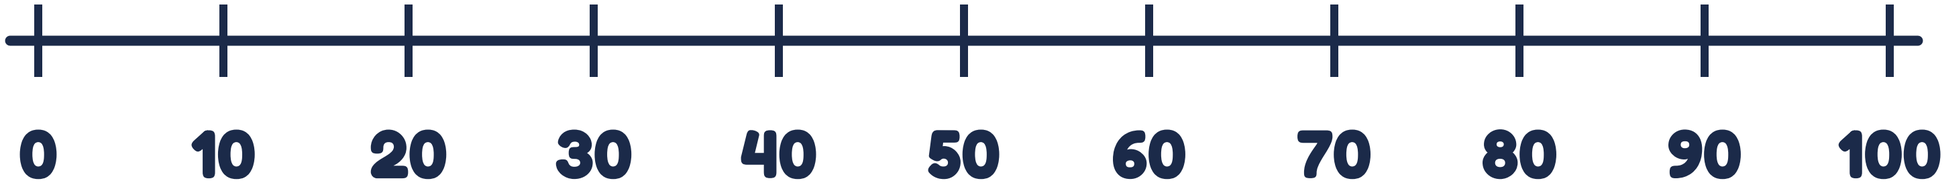

Tens and ones, and counting in tens

3–9 MIN

34 is 3 tens and 4 ones

Count in tens to one hundred:

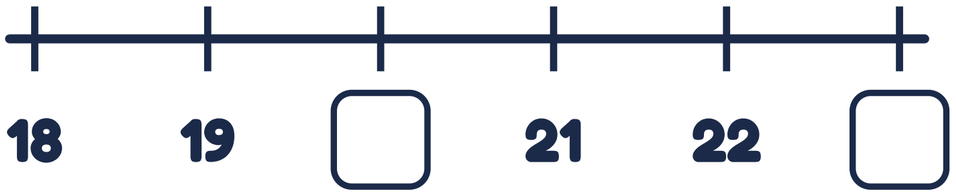

Sneak-peek puzzles

9–13 MIN

Ideas we have not learnt yet. A guess is a great start. Nobody is marked.

PUZZLE 1: anyone can try

Fill in the missing numbers in the boxes.

PUZZLE 2: think

A frog sits on 59.

It hops 1 number forward. Where does it land?

Write the number. I know because ___.

Explore: build a number line

13–28 MIN

1. Find your ones cards, 0 to 10.
2. Put them in a row, in order.
3. Put your frog on 0. Hop where I say.

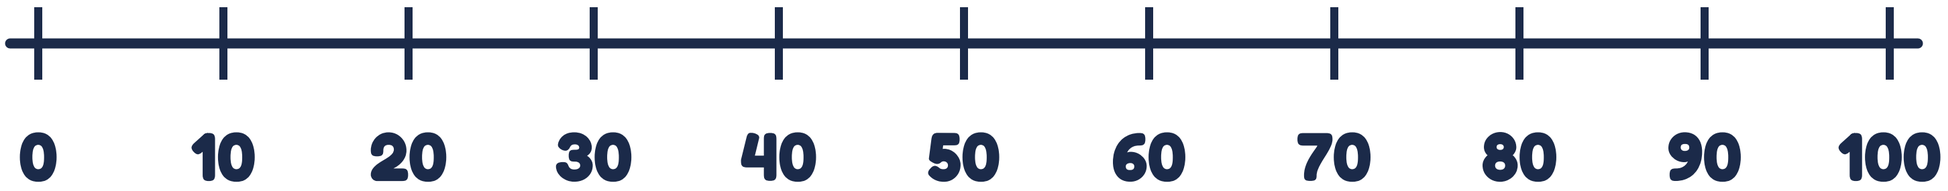

WHAT IF?

What if every card was worth ten? Try the tens cards next.

13–28 MIN

Same line, new job

Find your tens cards. Put 0, 10, 20 up to 100 in a row.

There is no card for 47. Where does it live?

13–28 MIN

Show me with the names

I say the name. Put your frog where the number lives.

twenty-six | **sixteen** | **sixty** | **eighty-one**

TEEN OR TY?

Teen means ten and some more.

Ty means tens.

What did we notice?

13–28 MIN

- Which numbers sit on a card?
- Where do the other numbers live?
- Teen or ty: which is further along the line?

Say it, read it

28–38 MIN

Digits	The name
13	thirteen: ten and 3 more
30	thirty: 3 tens
14	fourteen: ten and 4 more
40	forty: 4 tens (no u)
24	twenty-four: 2 tens and 4 more
100	one hundred: ten tens

One before, one after

28–38 MIN

After 59 the ones are used up. A new ten begins: 60.

Your turn: write the number

28–38 MIN

Write on your paper. Timer: 1 minute

ONE AFTER

39

ONE BEFORE

50

THE NAME

forty-eight

Check: write the number

28–38 MIN

ONE AFTER 39

The next ten starts.

40

ONE BEFORE 50

Count back one.

49

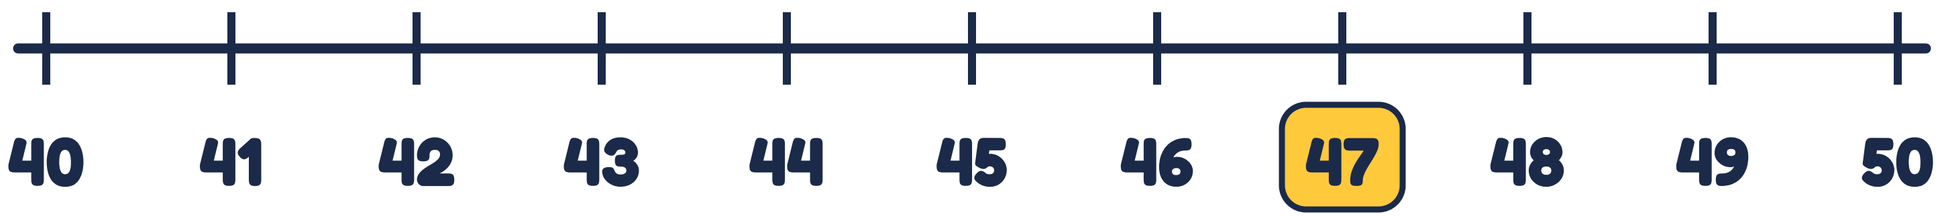

forty-eight

Tens first.

48

Zoom in between two tens

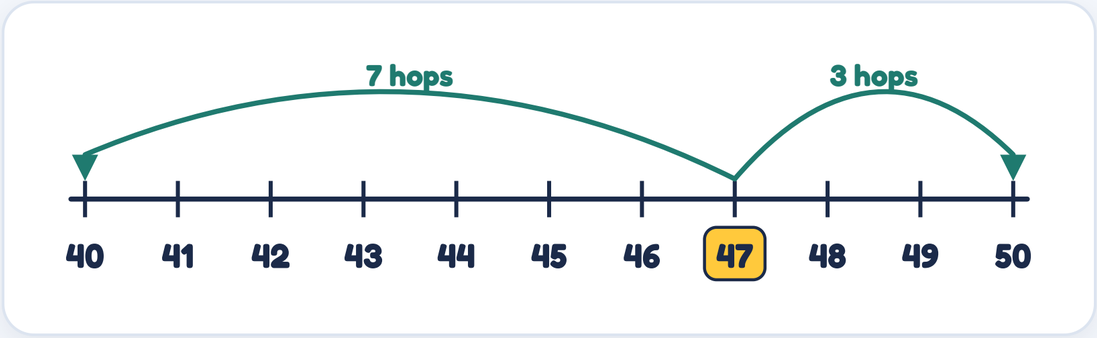

28–38 MIN

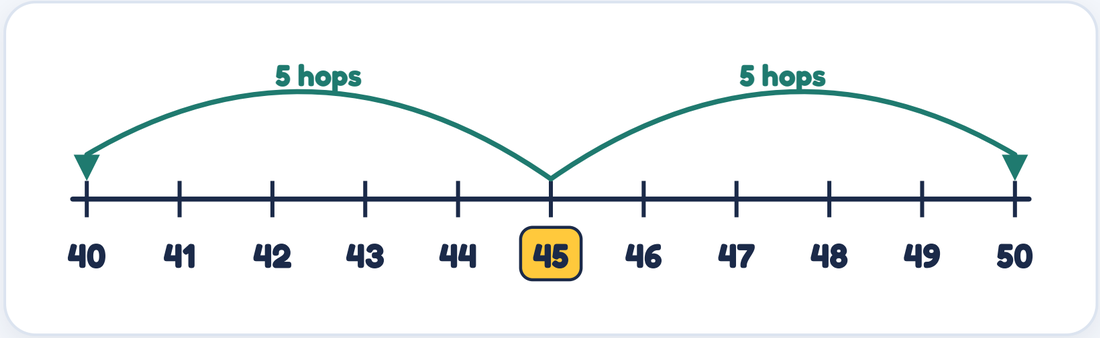

47 lives between 40 and 50. It is 7 hops after 40.

Which ten is nearer?

28–38 MIN

Nearer to 50.

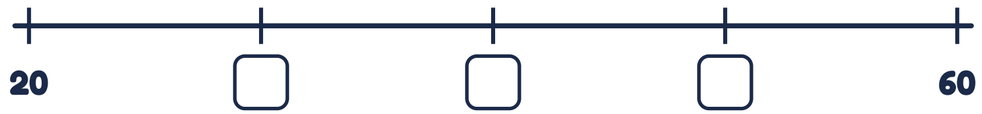

Halfway. No ten is nearer.

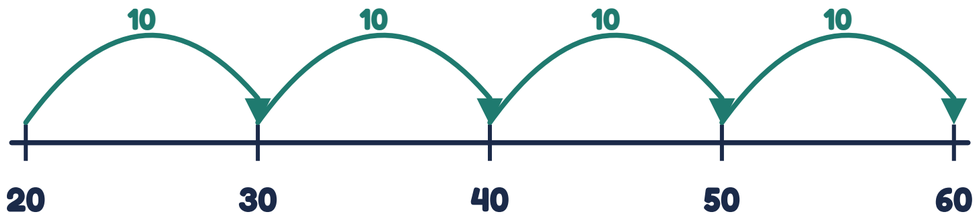

Count the hops each way. The smaller number of hops wins.

Marks that are missing

28–38 MIN

Equal jumps. Count the jumps first.

4 jumps. 20 to 60 is 40. 40 shared by 4 is 10 each.

38–42 MIN

Be the number line

Arms wide. Left hand is 0. Right hand is 100.

I CALL

50, 10, 90, 25, 75

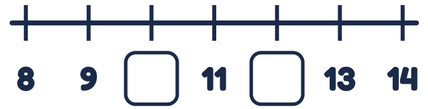

Point to where each number lives. Sip some water.

Workbook page 1: Start here

42–70 MIN

Questions 1 to 3. Timer: 9 minutes

S1 Fill in the missing numbers in the boxes.

S2 Fill in the missing numbers.

S3 Fill in the number just before and the number just after.

Check page 1

42–70 MIN

S1	10 and 12
S2	29; 39 and 41; 70
S3	34 and 36; 59 and 61; 78 and 80

Workbook page 2: Start here

42–70 MIN

Questions 4 to 8. Timer: 11 minutes

S4 Write the numbers in digits.

S5 Write each number in words. Word bank: twenty, forty, sixty.

S6 Fill in the missing numbers. The numbers go up by 10 each time.

S7 Fill in the blanks. Each number is between two tens.

S8 Ben counts: 57, 58, 59, 510, 511.

Check page 2

42–70 MIN

S4	15, 50, 24
S5	twenty, forty
S6	30, 50 and 80
S7	20 and 30; 60 and 70
S8	60. After 9 the ones are used up, so a new ten begins. Ben kept counting ones.

42–70 MIN

Choose your next page

Page	What it is
Think harder (page 3)	Our idea in a new setting
Go further (page 4)	Bigger puzzles
Investigation (page 5)	A pattern to find
Check	Finish and check your own work

Everyone may choose. Not finished? Pages 3 to 5 are for home too.

Talk and explain

70–76 MIN

TALK ABOUT IT

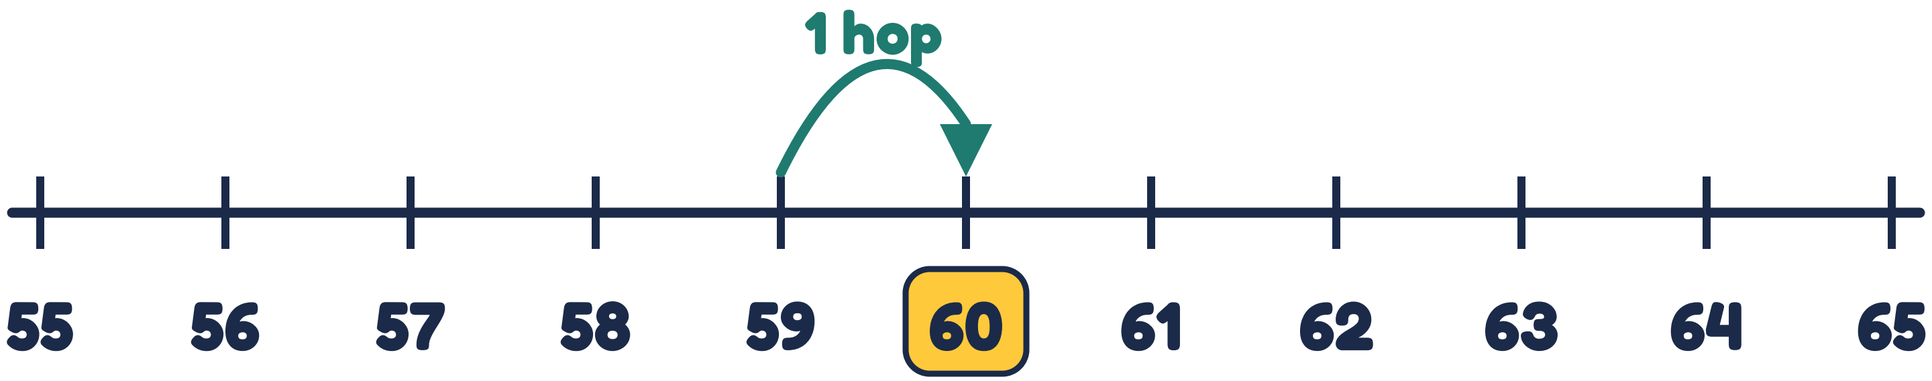

Are fourteen and forty the same number?

Use your number line to explain.

I think … because …

Back to the sneak-peek

70–76 MIN

The frog on 59 lands on 60: a new ten begins.

Exit ticket

76–82 MIN

On your own. No looking back. Timer: 3 minutes

E1 **Write the number in digits.**

seventy-three = ☐

E2 **Fill in the blanks. 76 is between two tens.**

76 is between ☐ and ☐

E3 **The frog is on 99. It hops 1 number forward. Where does it land?**

It lands on ☐

Check the exit ticket

76–82 MIN

E1	73
E2	70 and 80
E3	100

Look-back

82–85 MIN

Three minutes. There are no right answers. You can pass. Nobody reads it out.

Something I did well	write or draw one thing
The hardest part was …	☐ saying the number words ☐ teen and ty (13 and 30) ☐ after 9 comes a new ten ☐ which ten is nearer ☐ something else
What helped me	☐ my number line ☐ hopping the frog ☐ drawing it ☐ trying again ☐ I asked for help
Next time I will try	☐ drawing it ☐ using objects ☐ checking my answer ☐ asking a question
	☐ I am still stuck (I will ask in the class chat or show my tutor on camera) ☐ I would like to pass

Take your time. You can pass.

85–90 MIN

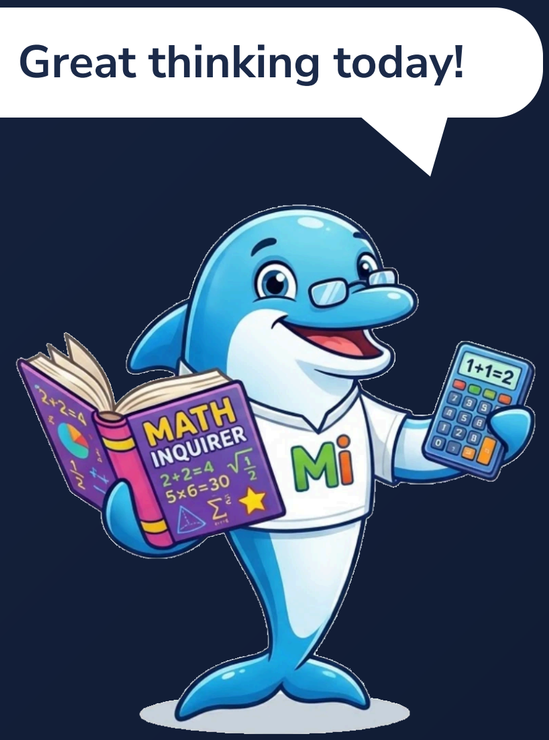

Well done, inquirers!

Show a grown-up your number line and one thing you found out.

NEXT LESSON

Digit Cards

Have ready: digit cards, kit pieces, pencil.

OPTIONAL

Go further: halfway

Halfway between 0 and 100 is 50.

What is halfway between 0 and 50? How do you know?

OPTIONAL

If we have time: pick one

Activity	What we do
Is it always true?	One after a number: does only the ones digit change?
Make a puzzle	Write a mystery number puzzle for your grown-up
Teach it back	Show which ten 63 is nearer to, using hops

Optional. Everyone may join.
