BUNDLES AND SINGLES!

Name _____ Date _____

After question 3 you may choose: carry on, or try **Think harder**.

Use your bundles, your kit or a drawing. Say your answer out loud, then write it.

No.S1

Count the sticks.

a _____ bundles of ten
b _____ single sticks
c _____ sticks altogether

No.S2

Draw 3 bundles of ten and 5 single sticks in the box. Then write the number.

The number is _____

No.S3

Write the number.

a 4 tens and 2 ones = _____
b 7 tens and 0 ones = _____
c 1 ten and 9 ones = _____
d 5 ones and 8 tens = _____

Name _____ Date _____

No.S4

Fill in the tens and ones.

a 58 = _____ tens and _____ ones

b 40 = _____ tens and _____ ones

c 71 = _____ tens and _____ ones

No.S5

Ali has 47 straws. He ties them into bundles of ten.

a How many full bundles can he make? _____

b How many straws are left over? _____

No.S6

Siti has 3 bundles of ten and 4 single sticks. She writes 43. Is Siti right? Write the number she should write, and say what she mixed up.

She should write _____

Name _____ Date _____

Use objects, draw a picture, or open a bundle. Then write how you know. Choose any question, in any order.

No.T1

Mei has 5 bundles of ten and 14 loose sticks. How many sticks has she? Hint: can she make another bundle?

Mei has _____ sticks

No.T2

41 is 4 tens and 1 one. Open one bundle. Now 41 is 3 tens and ____ ones.

3 tens and _____ ones

No.T3

Mystery number. Clue 1: I am between 30 and 50. Clue 2: my ones digit is 6. Clue 3: my number of tens is even. What number am I?

I am _____

No.T4

Mei has 7 tens and 2 ones. Ali has 6 tens and 12 ones. Who has more, or do they have the same? Show how you know.

Name _____ Date _____

Choose any question. You do not have to finish them all.

No.G1

Ben has 6 bundles of ten and 14 loose sticks. Siti has 85 loose sticks. Who has more sticks? How many more?

No.G2

A shop sells pencils in boxes of ten. Mei needs 60 pencils. She has 4 full boxes and 18 loose pencils. How many more pencils does she need?

No.G3

How many different ways can you show 30 with bundles of ten and loose sticks, if you may open bundles? Write each way as ____ tens and ____ ones. (3 tens and 0 ones is one way.)

Name _____ Date _____

Investigation: Swap the digits

Choose this any time you like. You do not have to finish it.

Easy first step: Write 14 and 41. Which number has more sticks? Then try 26 and 62, 52 and 25, and 77.

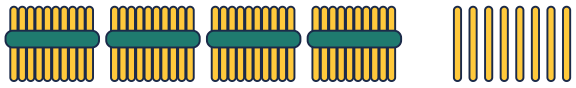

Then: Pick a two-digit number. Swap its two digits. Is the new number bigger, smaller or the same? Is it always one of these three? When does each happen?

Exit ticket

On your own, at the end of the lesson. No looking back.

No.E1

How many sticks?

_____ sticks

No.E2

Fill in the tens and ones.

37 = _____ tens and _____ ones

No.E3

Write the number: 7 tens and 0 ones. Why do we need the 0?

The number is _____

Look-back There are no right answers. You can pass. Nobody reads it out.

Something I did well:

The hardest part was ... ☐ knowing which digit is the tens ☐ making bundles of ten ☐ the zero in 40 or 70 ☐ opening a bundle (Think harder) ☐ something else

What helped me: ☐ bundles or objects ☐ drawing it ☐ trying again ☐ I asked for help ☐ I was not stuck

Next time I will try: ☐ drawing it ☐ using objects ☐ checking my answer ☐ asking a question ☐ I am still stuck (my tutor will come and help) ☐ I would like to pass

Name _____ Date _____

Kit page: tens bars and ones squares

A grown-up cuts these out before the lesson. A bar is a ten. A square is a one. Keep them in an envelope.

Tens bars: cut out all 9 (each bar is one ten)

Ones squares: cut out all 20 (each square is one one)
