

LEVEL 1 • TERM 3 • LESSON 4 • FOR PARENTS

4 Dollars and Change

WHAT WE DID

We worked with play money. Your child named coins and notes by value, counted mixed coins and notes, biggest first, made 60 cents in different ways, and found change by counting up from the price to the money paid. Counting coins and notes and change from $5 or $10 is Primary 1 work. Listing every way to make an amount, how many different amounts three pieces can make, and the fewest notes and coins for $73 go past the school Primary 1 syllabus on purpose.

> **Count the biggest first. Change is what we count up from the price to the money we paid.**

TRY AT HOME (5 MINUTES)

1. Purse game: put some play money on the table (real coins only with a grown-up beside you; small coins stay on the table, away from little ones). Count them together, biggest first. Ask: how do you know?
2. Shop game: pick a price and pay with a note. Count up together for the change.
3. Two ways: ask your child to show 50¢ in two different ways with coins.

When your child is stuck

Let your child use the play money and wait 10 seconds before helping. Asking 'what do we count up to?' works better than giving the answer. Please do not teach decimal money such as $1.50: we write cents and dollars apart. If the look-back page says 'I am still stuck', photograph it and send it to our business WhatsApp (+65 9880 5962). Photos are kept 90 days after the program ends.

Words we used

- value: how much a coin or note is worth
- change: the money the shop gives back
- count up: start at the price and count on to the money paid
- cents (¢) and dollars ($): $1 is 100¢

Good questions

- What is the number on the coin?
- Which coin do you count first?
- How did you find the change?

Have ready for next lesson

- The price-tag page, cut out by a grown-up (12 tags)
- Your play money and the $1 tokens, kept in the envelope
- Pencil, rubber and paper

Next lesson

Next lesson: Price Tags: Compare and Choose. Online practice: your tutor will share the link. The recording has the tutor, the shared screen and any voice that is not muted; your child may mute and keep the camera off. The recording link is private to your family: please do not share it. Missed a lesson? Every lesson is recorded; your tutor will share a private link with enrolled families.
