MATH INQUIRERS HOLIDAY PROGRAM

Weekly Email Pack

Parent and tutor emails for the five weeks of the P2 Ages 8-9 holiday program

Notice it. Test it. Explain why.

How to use this pack

- Send the parent email and the Week N Student Pages PDF the day before the first lesson of that week.
- Send the tutor email with the Week N Tutor Scripts and Answers PDF at least two days before. Tutors only; the answers must not go to parents.
- Put parents in BCC so no one sees another family's email address. Get parents' consent to email before you start (PDPA).
- Replace the words in [square brackets] before sending.
- The PDFs are in the weekly folder (Math_Inquirers_P2_Weekly_PDFs.zip): Week1_Student_Pages.pdf to Week5_Student_Pages.pdf and Week1_Tutor_Scripts_and_Answers.pdf to Week5_Tutor_Scripts_and_Answers.pdf. The Week 1 student PDF also holds the inquiry journal page and all the cut-outs; the Week 5 PDF ends with the certificate.
- The slide deck links in the tutor emails are private to you. Share each deck with the tutor first, or send them the file.

Week 1: Lessons 1 and 2

Parent email

Subject: Math Inquirers P2 Ages 8-9 Week 1: Numbers to 1000 and Addition and Subtraction within 1000

Attachment: Week1_Student_Pages.pdf

Dear parents,

This week our Math Inquirers (Ages 8-9 (finishing P2)) meet two topics, in lessons 1 and 2.

Lesson 1, Digit Detectives (Numbers to 1000). Building 3-digit numbers from hundreds, tens and ones, finding every number from digit cards by listing in order, and spotting patterns on a 1000 chart.

Lesson 2, Missing Digit Mysteries (Addition and Subtraction within 1000). Finding missing digits in sums and differences, checking by adding back, and magic squares with bigger numbers.

Your child's workbook pages for this week are attached. Please print them single-sided if you can. Children will work on the pages in class, so there is no need to finish them in advance.

The cut-out pages are at the end of the Week 1 PDF (Place-value cards, digit cards, fraction strips, paper clock, paper strips of numbered squares, cube nets, play coins, play notes and $1 coins). Please cut them out and keep them in one envelope; we use them through the program. The inquiry journal page is at the front. This week's lessons use: place-value cards, digit cards.

One thing to try at home (5 minutes): Write three digits on paper scraps. Ask your child to make the biggest and smallest numbers, then every number, in order. Before class: cut out the digit cards (kit page) and print or draw a 1000 chart with rows of 10.

Ask your child: "How do you know you have found them all?" or "How can you check your answer?"

We are not looking for speed. We are looking for a child who can say what they noticed, test it, and explain why. If your child is stuck, please ask "What do you notice?" before you give the answer.

Warm regards,

Week 1: Tutor email

Subject: Math Inquirers P2 Ages 8-9 Week 1 tutor pack: Lessons 1 and 2

Attachments: Week1_Tutor_Scripts_and_Answers.pdf, Week1_Student_Pages.pdf

Hi [tutor name],

Here is your pack for week 1: Digit Detectives; Missing Digit Mysteries.

Attached are the minute-by-minute scripts with answers for both lessons, and the student pages. The slide decks are linked below.

- Lesson 1 deck: https://claude.ai/artifact/EhKp7RucbNLwmrMPvTA3wu
- Lesson 2 deck: https://claude.ai/artifact/NtXMiJUSwHaZ1Z8RgPFuoV

Before the lesson, please:

1. Read both scripts once and try the Challenge questions yourself.
2. Check your materials are ready. Lesson 1: Digit cards 0 to 9 (one set per child), place-value mat (hundreds, tens, ones), base-ten blocks or paper strips and squares, mini whiteboards, a 1000 chart page (rows of 10). Lesson 2: Digit cards 0 to 9, base-ten blocks or place-value counters, mini whiteboards, a paper magic triangle with 6 circles and number tiles 110 to 160.
3. After each lesson, tick the Readiness Tracker for each child (four quick ticks) and send me the sheet.

Please do not forward the answer pages to parents.

Thank you,
[Your name]

Week 2: Lessons 3 and 4

Parent email

Subject: Math Inquirers P2 Ages 8-9 Week 2: Multiplication and Division and Patterns with Multiplication

Attachment: Week2_Student_Pages.pdf

Dear parents,

This week our Math Inquirers (Ages 8-9 (finishing P2)) meet two topics, in lessons 3 and 4.

Lesson 3, Legs, Wheels and Arrays (Multiplication and Division). Arrays, equal groups and sharing with leftovers, using the 2, 3, 4, 5 and 10 times tables.

Lesson 4, Pattern Machines (Patterns with Multiplication). Finding far-away places in a repeating pattern by counting in groups, and growing patterns with a table.

Your child's workbook pages for this week are attached. Please print them single-sided if you can. Children will work on the pages in class, so there is no need to finish them in advance.

No cut-outs are needed this week. Please keep the Week 1 envelope handy.

One thing to try at home (5 minutes): Count legs at the dinner table or wheels in the car park. Ask how many people or cars there must be. Before class: gather about 30 counters (buttons, dried beans or Lego bricks) and paper.

Ask your child: "What do you do with the ones left over?" or "How many things are in the part that repeats?"

We are not looking for speed. We are looking for a child who can say what they noticed, test it, and explain why. If your child is stuck, please ask "What do you notice?" before you give the answer.

Warm regards,

Week 2: Tutor email

Subject: Math Inquirers P2 Ages 8-9 Week 2 tutor pack: Lessons 3 and 4

Attachments: Week2_Tutor_Scripts_and_Answers.pdf, Week2_Student_Pages.pdf

Hi [tutor name],

Here is your pack for week 2: Legs, Wheels and Arrays; Pattern Machines.

Attached are the minute-by-minute scripts with answers for both lessons, and the student pages. The slide decks are linked below.

- Lesson 3 deck: https://claude.ai/artifact/AMSwTuC5e912PeuWqRbut5
- Lesson 4 deck: https://claude.ai/artifact/LjhjvZNzidkMFQYqozXBcZ

Before the lesson, please:

1. Read both scripts once and try the Challenge questions yourself.
2. Check your materials are ready. Lesson 3: About 30 counters per pair, mini whiteboards, squared paper. Optional: picture cards of hens and goats, bicycles and tricycles. Lesson 4: Linking cubes in 3 colours (about 20 per pair), mini whiteboards, matchsticks or lolly sticks (about 25 per pair), counters.
3. After each lesson, tick the Readiness Tracker for each child (four quick ticks) and send me the sheet.

Please do not forward the answer pages to parents.

Thank you,
[Your name]

Week 3: Lessons 5 and 6

Parent email

Subject: Math Inquirers P2 Ages 8-9 Week 3: Working Backwards and Money

Attachment: Week3_Student_Pages.pdf

Dear parents,

This week our Math Inquirers (Ages 8-9 (finishing P2)) meet two topics, in lessons 5 and 6.

Lesson 5, Mystery Number Machines (Working Backwards). Two-step number machines and working backwards from the answer, with bar models.

Lesson 6, Market Day (Money). Paying with the fewest notes and coins, finding every way to pay, giving change and checking a budget.

Your child's workbook pages for this week are attached. Please print them single-sided if you can. Children will work on the pages in class, so there is no need to finish them in advance.

Please keep the Week 1 envelope handy. This week's lessons use: play coins, play notes and $1 coins.

One thing to try at home (5 minutes): Play "I double my number and add 3, and get 15". Swap roles and let your child make up the machine. Before class: have paper strips and counters ready, and write x cards (x 2, x 3, x 4, x 5, x 10) and + or - cards (1 to 20) on small pieces of paper.

Ask your child: "What is the opposite of each step?" or "Is there a way with fewer coins?"

We are not looking for speed. We are looking for a child who can say what they noticed, test it, and explain why. If your child is stuck, please ask "What do you notice?" before you give the answer.

Warm regards,

Week 3: Tutor email

Subject: Math Inquirers P2 Ages 8-9 Week 3 tutor pack: Lessons 5 and 6

Attachments: Week3_Tutor_Scripts_and_Answers.pdf, Week3_Student_Pages.pdf

Hi [tutor name],

Here is your pack for week 3: Mystery Number Machines; Market Day.

Attached are the minute-by-minute scripts with answers for both lessons, and the student pages. The slide decks are linked below.

- Lesson 5 deck: https://claude.ai/artifact/UjXFfPmvPXAgC4HgWnH6Li
- Lesson 6 deck: https://claude.ai/artifact/JGyLi3F9kwuudEfzcc1ry2

Before the lesson, please:

1. Read both scripts once and try the Challenge questions yourself.
2. Check your materials are ready. Lesson 5: Mini whiteboards, counters, paper cups, number machine cards (× 2, × 3, × 4, × 5, × 10 and + or − cards from 1 to 20), paper strips for bars. Lesson 6: Play money: coins 5¢, 10¢, 20¢, 50¢, $1 and notes $2, $5, $10, $50 (about 6 of each per pair), price tags, mini whiteboards.
3. After each lesson, tick the Readiness Tracker for each child (four quick ticks) and send me the sheet.

Please do not forward the answer pages to parents.

Thank you,
[Your name]

Week 4: Lessons 7 and 8

Parent email

Subject: Math Inquirers P2 Ages 8-9 Week 4: Fractions and 2D and 3D Shapes

Attachment: Week4_Student_Pages.pdf

Dear parents,

This week our Math Inquirers (Ages 8-9 (finishing P2)) meet two topics, in lessons 7 and 8.

Lesson 7, Fair Shares (Fractions). Halves, thirds and quarters as equal parts, comparing fractions, and adding parts of the same whole.

Lesson 8, Shape Builders (2D and 3D Shapes). Making and spotting shapes, semicircles and quarter circles, counting cubes in stacks, and nets.

Your child's workbook pages for this week are attached. Please print them single-sided if you can. Children will work on the pages in class, so there is no need to finish them in advance.

Please keep the Week 1 envelope handy. This week's lessons use: fraction strips, cube nets.

One thing to try at home (5 minutes): Share a roti prata or a pizza fairly. Ask if the pieces are really equal, and which is bigger: a third or a quarter. Before class: cut out the fraction strips (kit page) and have 4 paper strips of the same length.

Ask your child: "Are the parts the same size?" or "Did you count the hidden ones?"

We are not looking for speed. We are looking for a child who can say what they noticed, test it, and explain why. If your child is stuck, please ask "What do you notice?" before you give the answer.

Warm regards,

Week 4: Tutor email

Subject: Math Inquirers P2 Ages 8-9 Week 4 tutor pack: Lessons 7 and 8

Attachments: Week4_Tutor_Scripts_and_Answers.pdf, Week4_Student_Pages.pdf

Hi [tutor name],

Here is your pack for week 4: Fair Shares; Shape Builders.

Attached are the minute-by-minute scripts with answers for both lessons, and the student pages. The slide decks are linked below.

- Lesson 7 deck: https://claude.ai/artifact/L8WjEhCGEs55kEpBMpnYnj
- Lesson 8 deck: https://claude.ai/artifact/MqMgu7PvNF7HWA46n8SMY3

Before the lesson, please:

1. Read both scripts once and try the Challenge questions yourself.
2. Check your materials are ready. Lesson 7: Paper strips of the same length (4 per child), paper squares, scissors, crayons, mini whiteboards. Lesson 8: Paper circles (2 per child), scissors, about 12 linking cubes per child (or sugar cubes), the cube-net cut-out page (nets A to F, near the back of the workbook), mini whiteboards.
3. After each lesson, tick the Readiness Tracker for each child (four quick ticks) and send me the sheet.

Please do not forward the answer pages to parents.

Thank you,
[Your name]

Week 5: Lessons 9 and 10

Parent email

Subject: Math Inquirers P2 Ages 8-9 Week 5: Length, Mass, Volume and Time and Mixed Puzzles

Attachment: Week5_Student_Pages.pdf

Dear parents,

This week our Math Inquirers (Ages 8-9 (finishing P2)) meet two topics, in lessons 9 and 10.

Lesson 9, Measure Masters (Length, Mass, Volume and Time). Balance scales, pouring puzzles with jugs, lengths end to end, and telling time and how long things take.

Lesson 10, Challenge Day (Mixed Puzzles). Choosing how to start a puzzle: draw it, list it or make a table, plus picture graphs and logic grids.

Your child's workbook pages for this week are attached. Please print them single-sided if you can. Children will work on the pages in class, so there is no need to finish them in advance.

Please keep the Week 1 envelope handy. This week's lessons use: place-value cards, digit cards, paper clock, paper strips of numbered squares. The Certificate of Completion is the last page of the Week 5 PDF.

One thing to try at home (5 minutes): Use two cups of different sizes and a basin. Can your child measure exactly one cup of water a different way? Before class: make the coat-hanger balance (hanger, two paper cups, string), have a glue stick, a spoon and 20 coins, two different-size cups with a jug of dry rice or sand (tape marks at 3 and 5), and cut out the paper clock.

Ask your child: "What do you know for sure from the scale?" or "How did you start? What would you try next time?"

We are not looking for speed. We are looking for a child who can say what they noticed, test it, and explain why. If your child is stuck, please ask "What do you notice?" before you give the answer.

Warm regards,

Week 5: Tutor email

Subject: Math Inquirers P2 Ages 8-9 Week 5 tutor pack: Lessons 9 and 10

Attachments: Week5_Tutor_Scripts_and_Answers.pdf, Week5_Student_Pages.pdf

Hi [tutor name],

Here is your pack for week 5: Measure Masters; Challenge Day.

Attached are the minute-by-minute scripts with answers for both lessons, and the student pages. The slide decks are linked below.

- Lesson 9 deck: https://claude.ai/artifact/SP2Q9W8GnHjjg2pe2gbk5e
- Lesson 10 deck: https://claude.ai/artifact/5VcAa2HyZFzaXfVEMziiXE

Before the lesson, please:

1. Read both scripts once and try the Challenge questions yourself.
2. Check your materials are ready. Lesson 9: A coat hanger, two paper cups, string, a glue stick, a spoon and about 20 20¢ coins (a home-made balance; backup: a ruler balanced on a pencil); for the jug puzzles two cups or bottles of different size (about 3 and 5 units), a jug of dry rice or sand (or water), and tape marking 3 and 5 units; a cardboard clock with hands; mini whiteboards. Lesson 10: Four station cards (one slide each in the deck, and printed in the tutor guide), play coins, digit cards 0 to 9, paper strips for fractions, mini whiteboards, certificates, stamps.
3. After each lesson, tick the Readiness Tracker for each child (four quick ticks) and send me the sheet.

Please do not forward the answer pages to parents.

Thank you,
[Your name]

Week 5 closing email to parents

Subject: Math Inquirers P2 Ages 8-9: thank you, and your child's certificate

Dear parents,

Thank you for joining us for the Math Inquirers Holiday Program (Ages 8-9 (finishing P2)). Your child's Certificate of Completion is the last page of the Week 5 PDF. Please print it and add your child's name.

We would love your feedback in two minutes: [feedback form link]. What did your child enjoy most? What should we change?

If your child showed a love for puzzles, we may invite them to a short challenge session in the next holiday. We will contact you if so.

Warm regards,
[Your name]
