BALANCE AND SWAP!

Name _____ Date _____

After question 3 you may choose: carry on, or try **Think harder**.

Use your bundles, your kit or a drawing. Say your answer out loud, then write it.

No.S1

Fill in the blank so both sides are the same.

a 5 + 3 = 4 + _____

b 6 + 4 = 5 + _____

c 7 + 3 = _____ + 7

d 2 + 8 = 8 + _____

No.S2

Mei puts 6 buttons and 2 buttons on the left plate. On the right plate she puts 7 buttons and some more. Draw the right plate in the box so both plates are the same.

She adds _____ more buttons

No.S3

Siti fills in the blank and writes 9. Is she right? Write the number that makes both sides the same. Say what Siti mixed up.

6 + 3 = 5 + _____ (Siti wrote 9)

The blank should be _____

Name _____ Date _____

No.S4

7 + 5 = 12. Each time, give 1 from the first number to the second number. The total stays 12. Fill in the blanks.

a 6 + _____ = 12

b 5 + _____ = 12

c 4 + _____ = 12

No.S5

Fill in the blanks. Look at how the first number moved.

a 20 + 30 = 40 + _____

b 50 + 20 = 60 + _____

c 34 + 5 = 35 + _____

d 61 + 8 = 60 + _____

No.S6

Mei has 9 red pens and 6 blue pens. Ben has 10 red pens. How many blue pens must Ben have to have the same number of pens as Mei?

Ben needs _____ blue pens

No.S7

In this sum the 12 became 2. That is one ten less. Fill in the blank.

35 + 12 = _____ + 2

Name _____ Date _____

Use objects, draw a picture, or open a bundle. Then write how you know. Choose any question, in any order.

No.T1

Mei says 47 + 18 and 45 + 20 have the same total. Ali says 45 + 20 is bigger. Who is right? Do not add. Say how the numbers moved.

No.T2

Look at each pair. Do not add yet. Write SAME if the totals match. If not, write LEFT or RIGHT for the side with the bigger total.

a 29 + 14 and 30 + 13: _____

b 53 + 20 and 50 + 23: _____

c 26 + 15 and 28 + 16: _____

No.T3

Make adding easier. Fill in the blank, then write the total.

a 49 + 26 = 50 + _____

b The total is _____

No.T4

Ben wrote 24 + 17 = 26 + 19. Is it balanced? If not, change the 19 to a number that makes it balance.

Change the 19 to _____

Name _____ Date _____

Choose any question. You do not have to finish them all.

No.G1

Fill in both blanks so that every sum is the same.

19 + 28 = 20 + _____ = _____ + 30

No.G2

Two blanks. Write three different pairs of numbers that fill them and balance. What do you notice about the first blank and the second blank?

_____ + 5 = 9 + _____

No.G3

Mei has 28 stickers on a page and 17 in her pocket. Ali and Ben have the same number in all. Ali has 30 on a page. How many are in his pocket?

a Ali's pocket: _____

b Ben has 25 on his page. His pocket: _____

Name _____ Date _____

Investigation: Keep it the same

Choose this any time you like. You do not have to finish it.

Easy first step: Write 6 + 4. Now write 7 + 3, then 7 + 5. Which total is not 10? What did you do to the numbers?

Then: Pick two numbers. Add 3 to one and take 3 from the other. Then add 3 to both. Then take 2 from both. Which keep the total the same? Which change it, and by how much?

Exit ticket

On your own, at the end of the lesson. No looking back.

No.E1

Fill in the blank.

9 + 5 = 10 + _ _ _ _ _ _ _

No.E2

Is 28 + 6 = 30 + 4 balanced? Write yes or no.

Yes or no: _ _ _ _ _ _ _

No.E3

Fill in the blank. Say how the numbers moved.

30 + 12 = 40 + _ _ _ _ _ _ _

Look-back There are no right answers. You can pass. Nobody reads it out.

Something I did well:

The hardest part was ... ☐ knowing what = means ☐ finding the blank ☐ how the numbers moved ☐ the big numbers (Think harder) ☐ something else

What helped me: ☐ two plates and small things ☐ drawing it ☐ trying again ☐ I asked for help ☐ I was not stuck

Next time I will try: ☐ drawing it ☐ using objects ☐ checking my answer ☐ asking a question ☐ I am still stuck (my tutor will come and help) ☐ I would like to pass

Name _____ Date _____

Kit page: tens bars and ones squares

A grown-up cuts these out before the lesson. A bar is a ten. A square is a one. Keep them in an envelope.

Tens bars: cut out all 9 (each bar is one ten)

Ones squares: cut out all 20 (each square is one one)
